ADMISSION POLICY

The goal of the admission policy at the College of Professional Studies is to provide access to a Northeastern University education worldwide and to create an environment where you will grow and create lasting opportunities for your future. To support this, we take a friendly and supportive approach to admissions and are here to guide you through the process and help you achieve your goals. There are no application fees. No GREs, GMATs, or SATs required. And there are multiple start terms per year.

When to Apply

DOMESTIC APPLICANTS

The College of Professional Studies admissions process operates on a rolling basis. However, it is recommended that all required documents are received:

- Six weeks prior to your desired start term for transfer and Fast-Track applicants
- Four weeks prior to your desired start term for applicants not transferring credits

INTERNATIONAL APPLICANTS

As an international applicant, there are important deadlines applicants must meet in order to begin classes during your desired start term. International applicants that will be studying in the United States on a student visa must abide by the deadlines found at the following website, www.cps.neu.edu/admissions/international/when-to-apply.php.

UNDERGRADUATE TRANSFER APPLICANTS

It is recommended that all required admissions documents are received six weeks prior to the desired start term.

UNDERGRADUATE APPLICANTS (NOT TRANSFERRING CREDIT)

It is recommended that all required admissions documents are received four weeks prior to the desired start term.

UNDERGRADUATE FAST-TRACK APPLICANTS

It is recommended that all required admissions documents are received six weeks prior to the desired start term.

Application Withdrawal Due to Inactivity
An application can be incomplete up to one year before it is
automatically withdrawn due to inactivity. If the applicant would
like to reactivate their application, they have one year to do so
from the time of their application withdrawal.

If applicants have any questions or would like to reactivate
their application, call 617.373.2400, 877.668.7727, or email
cpsadmissions@neu.edu.

Request to Withdraw an Application
Applicants can request to withdraw their application for admission
at any time. If the applicant decides they would like to reactivate
their application, they have one year to do so from the time of
their withdrawal.

To request a withdrawal of your application,
call 617.373.2400, 877.668.7727, or email
cpsadmissions@neu.edu.

Admissions Acceptance Deferral
A student who is not able to start his or her studies during the
academic term for which he or she gained acceptance must contact
the Office of Admissions to request a deferral of admission. A
student may request a deferral for up to one year, unless otherwise
noted for specific programs. Please check with the Office of
Admissions for more information. If a student does not get
approved for an acceptance deferral and does not begin his or her
studies within two academic terms of acceptance into a program,
he or she forfeits that acceptance and must reapply to the program
for a future term. It is important for the student to inform the
Office of Admissions about deferral requests as this may impact
the student’s time limit on program completion and financial aid.

The following programs have additional admissions requirements:
• Bachelor of Science in Leadership—Global Classroom

    – Michigan test scores

Transfer credit awards will be processed once students have submitted all required transfer documents, completed their application for admission, and been accepted to a degree program.

An undergraduate student can be enrolled in one undergraduate program at a time.

Undergraduate students seeking more than one certificate or degree after having completed a program should note that undergraduate credits earned toward:

• A certificate earned at the College of Professional Studies may be used to satisfy the requirements of a bachelor’s degree, if the contents are determined to be applicable per the program director
• A certificate earned at the College of Professional Studies may be used to satisfy the requirements of a second certificate with a cap of 9 quarter hours, if the contents are determined to be applicable per the program director
• An associate degree earned at the College of Professional Studies may be used to satisfy the requirements of a bachelor’s degree, if the contents are determined to be applicable per the program director

• A bachelor’s degree earned at the College of Professional Studies may be used to satisfy the requirements of a second bachelor’s degree with a cap of 50 percent of the requirements for the second degree, if the contents are determined to be applicable per the program director

The College of Professional Studies awards transfer credits for courses successfully completed at regionally and programmatically accredited institutions. The Council for Higher Education Accreditation provides information about the organizations responsible for these two forms of accreditation. Official transcripts from all institutions should be sent directly to the CPS Office of Admissions at the time of application.

Transfer credits earned at institutions outside of the United States are considered on a case-by-case basis. Students should submit an official English evaluation completed by an approved credential evaluator. Course descriptions and/or syllabi also should be translated into English and submitted to the CPS Office of Admissions.

Once a new student has been accepted into a program, a major has been declared, and all official transcripts and/or exam results have been received, the CPS Office of Admissions conducts an official transfer credit evaluation within the first academic term. Students may be required to provide additional documentation for transfer credit evaluation.

The College of Professional Studies reserves the right to revise transfer credit awards due to course duplication, a student’s change in program of study, or other reasons deemed necessary by the college.

Students who wish to transfer credits earned at the College of Professional Studies to another institution need to consult with that institution to determine eligibility.

For more information about transferring credit and the transfer credit award process, please visit the CPS Admissions website at www.cps.neu.edu/admissions/undergraduate/transferring-credit/index.php.

Undergraduate Transfer Credit

Undergraduate students who wish to make a request for transfer credits must provide an official academic transcript for credits earned at another institution and an official report of exam results for credits earned through college-level proficiency examinations.

Undergraduate transfer credit awards are granted on a case-by-case basis employing the following guidelines:

• The minimum course grade acceptable for transfer credit is C, or 2.000 on a 4.000 scale.
• Courses completed on a pass/fail scale are not eligible for transfer.
• Labs must be equivalent to at least 1 quarter hour, by CPS standards, to qualify for transfer. Other courses must be
equivalent to at least 3 quarter hours, by CPS standards, to qualify for transfer.

- Credits earned in science and technology courses are valid for a period of seven years. Credits in these subject areas that were earned more than seven years ago may be applied to satisfy unallocated elective requirements at the discretion of the program director. Courses successfully completed in other subject areas are not subject to timelines.
- Transfer credits also may be earned through:
  - Assessment of Prior Learning (APL).
  - College-Level Examination Program (CLEP).
  - The Excelsior College Examination Program (formerly Regents College).
  - DANTES Examination Program of the Educational Testing Service.
  - Advanced Placement (AP) Examination Program of the College Entrance Examination Board.
  - Challenge examinations in areas such as medical terminology.
  - Modern language proficiency examination: Students may be eligible to receive up to 12 quarter hours of credit in a modern language that is part of their particular curriculum. Examinations are currently offered in American Sign Language, French, and Spanish.
- Credits earned from any college within Northeastern University other than the College of Professional Studies are granted under the following guidelines:
  - Minimum grade of a C-, or 1.777 on a 4.000 scale
  - Complete a residency of 24 quarter hours for bachelor’s degree candidates
- With specified exception, students must complete at least 50 percent of the total credits required for a bachelor’s degree at the College of Professional Studies.
- Students transferring into an undergraduate certificate program may transfer up to nine credits, depending on the specific certificate program.

Assessment of Prior Learning (APL)

Undergraduate degree students in good academic standing may earn up to 18 credits of APL credit in specified academic disciplines for knowledge gained through prior learning experiences. Specifically, students may be eligible for APL credit if they have accrued a foundation of knowledge and skills equivalent to the content of courses in the following areas:

- Liberal arts (ART, CMN, ECN, ENG, HST, JRN, MUS, PHL, POL, PSY, SOA, SOC, TCC, and THE)
- Health professions and sciences (BIO, BTC, CHM, HIA, HMG, and HSC)
- Information technology (ITC and MIS)
- Business (RET and TRN)

The primary method for documenting prior learning is through the assessment of a student portfolio, although in some instances an examination also will be required. In some cases, entire professional development certificates may be transferred in as electives to the College of Professional Studies through the APL process.

To qualify, students must:

- Have been accepted into a degree program
- Be actively enrolled
- Be in good academic standing

Interested students must submit:

- The appropriate form identifying a CPS course(s) for which they are seeking APL credits.
- Portfolio for evaluation, if applicable.
- A bank check or money order in the amount of $100 payable to Northeastern University. This onetime evaluation fee is non-refundable.
CPS ACADEMIC CALENDAR

The College of Professional Studies undergraduate programs are offered on a quarter calendar consisting of 12 weeks (with the option for 8-week, 6-week, and 4-week sessions as well). For student records that include quarter hours, the approved semester-hour conversion rate is (quarter hours) x 0.750. For example, a four-credit quarter course is equivalent to a three-credit semester course.

For calendar details, please visit www.cps.neu.edu/class-registration/registration-calendar.php.

NEW STUDENT ORIENTATION

Near the beginning of the fall, winter, and spring terms, the Office of Academic and Student Support Services invites new students to attend an orientation session.

Whether taking classes online or on campus, participants will have an opportunity to meet other students and learn more about being a student at the College of Professional Studies.

For additional information, please visit www.cps.neu.edu/student-resources/orientation.php.

INTERNATIONAL STUDENT ORIENTATION

At the beginning of each term, the International Student and Scholar Institute (ISSI) conducts orientation sessions, events, and activities designed to assure you have completed all U.S. documentation requirements, to assist you with enrollment in your courses, and to provide you with information and support to ease your transition to life in the United States and at Northeastern University. At each session, you’ll also have the opportunity to meet other international students, learn from shared experiences, and find any assistance you may need.

Orientation week is very important. Please make sure you register (this is required for international freshman and transfer students), attend every mandatory session, and attend as many scheduled events as you can to avoid missing other important information during your first few weeks on campus.

For a schedule of required sessions and other events, please see the ISSI website at www.northeastern.edu/issi/schedule.html. You do not need to register for ISSI orientation.

INFORMATION FOR INTERNATIONAL STUDENTS

International Student and Scholar Institute
405 Ell Hall
617.373.2310
617.373.8788 (fax)
www.northeastern.edu/issi

The International Student and Scholar Institute (ISSI) offers a vast array of programs and services to more than 6,500 international students and scholars who represent approximately 140 nations.

The ISSI also works to promote meaningful interaction and intercultural understanding among citizens of other countries and their peers from the United States, providing educational and cultural enrichment opportunities for all members of Northeastern and the community at large.

The ISSI oversees the Student and Exchange Visitor Information System (SEVIS) at Northeastern, as mandated by the U.S. federal government, in order to ensure compliance with regulations and procedures affecting those international students and scholars in specified nonimmigrant visa classifications.

Affiliation with the ISSI begins with the orientation program and continues through such initiatives as the ISSI’s two-month cultural festival, International Carnevale, which celebrates the cultural diversity of the entire university community. For a list of ISSI services and programs, visit the website.

International students must maintain full-time status at Northeastern to be in compliance with immigration and SEVIS regulations. Also, they must not engage in any type of employment unless previously authorized by the ISSI. Note that timely registration for courses is especially important so that they may remain in compliance with current federal regulations. They should consult with the ISSI if they have questions about their individual status.

Coming to Boston

Preparing to travel to Boston and begin your studies at Northeastern University is exciting, and you have many things to do in preparation for both. When you plan carefully, your travels and arrival in Boston should go smoothly. Here are some of the key things you should do in preparation.

- Obtain your F-1 or J-1 visa from the U.S. Embassy or Consulate in your home country. An interview is required so request an appointment early. More information on the application process is available in this section of the site.
- If you are a transfer student currently studying in the United States on an F-1 or J-1 visa, obtain an I-20 or DS-2019 from
Make sure you received the Northeastern Health Report form in your admissions packet. Have your doctor sign the form and make sure you have received all of the immunizations listed on the form. If you have any questions, contact the University Health and Counseling Services in person at 135 Forsyth Building, by calling 617.373.2772 option #2, or by email at UHCS@neu.edu.

Planning Information
As a new international student, you are expected to arrive by the start date of your program stated on the I-20 issued by Northeastern or on the DS-2019 issued by Northeastern or by your sponsoring agency/government.

When you plan your travel arrangements, you should seek admission to the United States no more than 30 days prior to the report date on your I-20 or DS-2019, and you should not arrive after the report date on your I-20 or DS-2019.

All international students will need to report to the ISSI at their scheduled immigration clearance session during orientation. Check the orientation schedule (www.northeastern.edu/issi/orientation.html) for the date and time of your session.

SEVIS Compliance
The ISSI is required to comply with immigration regulations governing your student status and must submit information every term as required by Homeland Security.

The ISSI: Your Resource for SEVIS Advice and Assistance
The ISSI advises students on the complexities of immigration compliance and interfaces with various U.S. government agencies. The ISSI maintains and updates the SEVIS system and advises students on relevant issues related to nonimmigrant student status by individual appointments or through workshops and information sessions. Consult the ISSI whenever you have a question relating to your nonimmigrant student status or any aspect of SEVIS compliance.

The Northeastern University libraries include Snell Library on the main campus and the Marine Science Center in Nahant, Massachusetts. (The African-American Institute Library, the Career Development and Placement Library, the Hillel House Collection, and the School of Law Library are separate, specialized libraries.)

Snell Library is the primary research library for the university, with collections and services to support most disciplines. Holdings are extensive, and a large proportion are available digitally via the Web. Northeastern University libraries are a federal depository, maintaining a significant collection of materials published and distributed by the federal government.

Snell Library has a seating capacity of 1,700. The facilities include a cybercafe, a digital media design studio, the University Archives and Special Collections, and a large computing facility, the last maintained by Information Services. During the spring, summer, and fall terms, the main floor of the library is open for study 24 hours per day, seven days per week. The library has wireless capability throughout the building.

Services provided by Snell Library include both on-site and distance reference, the latter including 24/7 live chat with a reference librarian; a state-of-the-art interlibrary loan system for providing materials not readily available at Northeastern; and a digital media design studio, the last providing resources and assistance to support the recording, digitizing, and remixing of digital scholarly content. In addition, library subject specialists are available by appointment to meet and discuss strategies for doing library research and finding information on a particular topic. For those who are teaching, library subject specialists are also available to provide in-house, customized library orientation and instruction for class groups. Most library services and many library resources now extend via the Web to distant, off-campus users.

The School of Law Library, located on five floors in the Knowles Law Center, includes a comprehensive collection of U.S. legal materials in print and in electronic format. Of particular note is the library’s collection in the areas of public interest law; international human rights law; and public health, death penalty issues, and progressive lawyering. Access to print and electronic materials is provided through NUCat, the university’s online
catalog. More information can be found at www.northeastern.edu/law/library.

The Disability Resource Center (DRC) strives to create an environment in which all are empowered to make their unique contributions to the rich academic and social life of Northeastern. Its staff takes a creative approach to assisting students who have disabilities or who are Deaf or hard of hearing by providing services that will enable them to succeed.

In accordance with federal laws and guidelines, services cannot be provided unless acceptable documentation is submitted to the DRC. Students must provide recent diagnostic documentation indicating that the disability substantially limits one or more major life activities. They must also register with the DRC and meet with a counselor.

Students who are disabled, Deaf, or hard of hearing are strongly encouraged to contact the DRC upon their acceptance to Northeastern. It is also most beneficial to schedule a meeting with a DRC counselor at least three months prior to arriving on campus in order to register and request services. Early contact with the center will allow enough time to assemble the required diagnostic documentation, register at the DRC, and set up services.

Services are individually tailored on a case-by-case basis to meet each student’s needs. Support services are available for, but are not limited to, students with a documented diagnosis of learning disabilities, blindness or visual disabilities, mobility disabilities, deafness or hard of hearing disability, head injuries, psychiatric disorders, degenerative or chronic conditions, HIV-positive status or AIDS, and temporary disabilities.

The center’s services include examination modification and accommodation; disability-related academic advising and course modification; note-taking services; readers and scribes; sign-language interpreters and transliterators; computer-aided, real-time information about classrooms’ accessibility; advising and referral services; campus orientations; acquisition of assistive listening devices, Braille materials, taped textbooks, and raised-line drawings; and assistive technology, such as the Reading Edge machine. The center also provides liaison, advocacy, and training services for faculty, staff, and administration and coordinates special-interest groups.

The DRC does not provide personal care assistance (PCA) services; the center will provide referral to local PCA service agencies, such as the Boston Center for Independent Living, www.bostoncli.org.

Northeastern does not offer transportation services; however, public transportation in greater Boston is run by the Massachusetts Bay Transportation Authority (MBTA), which offers a curb-to-curb transportation service known as The RIDE for persons with disabilities. Several stops on the Orange Line branch of the MBTA subway system are very convenient to the Northeastern campus. See www.mbta.com for more information.

Parking
Student Financial Services
354 Richards Hall
617.373.2366
www.northeastern.edu/parking

Parking spaces in the university lots and garages are filled on a first-come, first-served basis. To park in a university lot or garage, students must have a valid parking permit displayed on their vehicles. A parking permit does not guarantee a parking space.

New students may purchase a day parking permit. Only eligible students will receive a permit. To be eligible, students must be registered for a class or on co-op. The cost of the permit will be charged to the student’s tuition account.

Overnight parking permits are limited, and preference is given to those students on co-op or clinical internships. Upperclass students in classes may be denied overnight parking due to limited availability.

Applications for term and overnight parking permits are available online at www.applyweb.com/apply/neup/menu.html.

To park in a handicap space, individuals must purchase a parking decal and display a state-issued handicap license plate, placard, or hangtag. Handicap parking spaces are located throughout campus.

Operators of vehicles driven or parked on university property are responsible for knowing and complying with university driving and parking regulations.

Please refer to the parking website for more information, or contact University Police at 617.373.2121.

Personal Safety Escort Service
617.373.2121
www.northeastern.edu/publicsafety/services/escort.html

The Public Safety Division’s mission is to provide a comprehensive program of police, security, fire safety, and emergency medical services to help ensure the campus remains a safe and pleasant place to live, work, and learn.

The University Police Department is the largest and most visible unit of the division and consists of professionally trained officers charged with the prevention and detection of crime on campus. University police officers have the same authority as municipal police officers and enforce both the Massachusetts laws and university regulations. Regulations mandate that students show their university ID cards whenever requested to do so by any university police officer. For more information, visit www.northeastern.edu/publicsafety.

The Public Safety Division takes pride in its comprehensive plan to minimize crime and protect the safety of the Northeastern community. But the division needs students’ help and urges students to take responsibility for creating and maintaining a safe and secure environment. For tips on safety around campus and in the neighborhood, pick up a brochure or visit the website.

Fire egress drills are held each term in all residence halls to familiarize residents and staff with the alarm system and the evacuation routes. Special fire safety and evacuation training is provided for students, faculty, researchers, and staff in high-risk laboratories. All building occupants are required to participate when an egress drill is held. For tips on fire safety, pick up a brochure or visit the website.

The Personal Safety Escort Service provides a door-to-door escort from one on-campus location to another whenever personal safety is a concern. After receiving your call, the university police dispatcher will assign an officer or cooperative education cadet within 10 to 15 minutes (if necessary, the dispatcher will advise you of any expected delays).

A special, nighttime off-campus escort service runs from dusk to dawn to transport students who reside within approximately one mile of the campus from the campus to their residence after dark. The only destination this service will take you to is your residence. A van stops at Snell Library and the Ruggles Public Safety Substation on the hour from 7:00 p.m. to 6:00 a.m. to pick up students.

If you are sexually assaulted, either by a stranger or an acquaintance, get to a safe place, then telephone the university police and a friend or family member. A university police officer who is a state-certified sexual assault investigator will meet with you and address your physical and emotional needs, as well as inform you of your rights and options regarding filing charges against the perpetrator. The police will provide you with important information about on-campus as well as off-campus counseling services as well as other options regarding changing your residence or class schedule.

If the sexual assault took place off campus, the university police department can still provide emergency medical treatment, transportation to a medical facility, and counseling referrals. However, the criminal investigation of such cases is the responsibility of the police department that has jurisdiction in the locale where the assault took place, and university police will assist you with making contact with the appropriate agency.

617.373.3300 (customer service, main office)
help@neu.edu
www.northeastern.edu/infoservices

As the front door to the entire information services organization, Information Services Customer Service (ISCS) is the first point of contact the Northeastern community has to the world of information technology. Comprising the InfoCommons (Computer Help Desk and computer lab), the Information Services Help Line, ResNet, and other computer labs, ISCS is dedicated to increasing the productivity and satisfaction of faculty, staff, students, and alumni using information technology at Northeastern University.

INFORMATION SERVICES HELP LINE
617.373.HELP (4357)
help@neu.edu

The Information Services Help Line provides troubleshooting services over the telephone to students, faculty, staff, and alumni for computers that are connected to NUnet. The help line staff also offers support for university-owned printers and other networked devices and answers general computing questions. Contact the Information Services Help Line for the following services:

• Troubleshooting NUnet applications problems (Microsoft Office products, Netscape, NUnet email, and other applications available from NUnet).
• Investigating network connection problems (email problems or Web browser issues).
• Troubleshooting network printer problems (to make sure the printer has connectivity to the network).
• Performing hard-disk analysis (including chkdsk and ScanDisk).
• Checking memory configurations and virus scanning.
• Verifying or reinstalling NUnet configuration information.
• Installing the NUnet configuration for NICs (network cards) and environmental settings.
• Facilitating NUnet port installations, moves, and removals.
• Scheduling hardware repairs made by third-party vendors.
• Assisting students with myNEU and Blackboard questions.
• If it is determined that a student’s computer problem is the result of a hardware failure, the center can arrange for the university’s third-party repair company to fix the equipment.

Computer Help Desk
InfoCommons, 184 Snell Library
617.373.3183

Training Services

InfoCommons, 184 Snell Library
617.373.5858
training@neu.edu
www.help.neu.edu

ISCS Training Services provides the following instructor-led and Web-based courses to all members of the Northeastern community:

- **Web-based training.** In conjunction with the Boston Consortium and online-training provider Element K, ISCS Training Services offers computer training over the Internet. This innovative, self-paced learning method allows students, faculty, and staff to train anytime or anywhere, using a computer with an Internet connection. You must have a logon and password to access Element K online training, both of which can be acquired during Element K demonstration classes.

- **Office productivity software.** QuickStart classes teach a specific skill in 90 minutes. Workshops provide more in-depth instruction, often consisting of two or three classes within a week. A fee is associated with workshops; consult the website for more details.

- **Practical skills.** Practical skills workshops focus on day-to-day abilities essential for success in the classroom and the workplace. Designed with the student in mind, the workshops are available at no charge to the entire university community.

To register for a class, visit the website or call 617.373.5858.
TUITION AND FEES

Course tuition for College of Professional Studies students is based on the number of quarter hours in each class. Your total tuition due for the quarter is dependent upon the total number of quarter hours in which you are enrolled. Course tuition is assessed just prior to the start of each class. Fees typically are assessed each quarter.

To calculate the total tuition for an individual class, you would multiply the total number of quarter hours for the course by the cost per quarter hour.

Example: The 2013–2014 tuition for an on-campus undergraduate class that is 3 QH is $351 \times 3 = $1,053.

College of Professional Studies Undergraduate Tuition Rates (2013–2014)

These tuition rates are for the 2013–2014 academic year beginning on July 1, 2013. Tuition and fees are subject to revision by the president and Board of Trustees at any time.

Fees

- **Student center fee**: An $8.25 fee per quarter will be assessed for all students enrolled at Northeastern University’s Boston Huntington Avenue campus. This fee is for facilities and services at the Curry Student Center.

- **Campus recreation fee**: A $10.00 per quarter campus recreation fee will be assessed for all students at Northeastern University’s Boston Huntington Avenue campus. This fee covers admission to home athletic events, use of the Marino Fitness Center, SquashBusters athletic facility, and the Cabot Gym (fitness and pool). This fee will also support the future construction of athletic fields and facilities.

Tuition and fees are subject to revision by the president and Board of Trustees at any time.

HEALTH INSURANCE

For general health insurance information, please visit www.northeastern.edu/uhcs/nushp/general%20information.html.

Since September 1989, Massachusetts General Laws (M.G.L. c.15A, § 18) require every full-time and part-time student enrolled in a certificate-, diploma-, or degree-granting program in a Massachusetts institution of higher learning to participate in a student health program or in a health benefit plan with comparable coverage. The Student Health Program defines a part-time student as a student enrolled in at least 75 percent of the full-time curriculum. CPS undergraduate students taking 12 credits of course work are considered part-time students for the purposes of the Student Health Program.

CPS students enrolled in only online classes are not automatically enrolled. For additional information, please contact the Office of Student Accounts at studentaccounts@neu.edu.

Health Insurance Waiver

Eligible students may waive NUSHP via myNEU once they have been billed for NUSHP. In addition, to be eligible to waive, comparable coverage must be effective from the beginning of the term the student meets Student Health Program requirements.

The burden of proof that the alternative insurance is adequate falls upon the student choosing to waive. By submitting the waiver form, the student will be accepting responsibility for all medical expenses incurred, and neither Northeastern University nor its student health plan will be responsible for these expenses.

Northeastern University reserves the right to verify that the student’s insurance meets the criteria indicated. Disciplinary action may be taken if a student knowingly waives NUSHP without comparable coverage.

Please visit www.northeastern.edu/nushp/waiver/index.html for waiver deadlines.
FINANCIAL AID

Student Financial Services
354 Richards Hall
617.373.5899
617.373.2897 (College of Professional Studies)
617.373.5714 (TTY)
sfs@neu.edu
www.northeastern.edu/financialaid

Northeastern University is eager to assist students in developing a plan for financing a Northeastern education. Through a variety of options—federal financial aid, Northeastern’s monthly payment plan, supplemental loans, and your own resources—a plan can be designed that will make your education costs affordable. Visit the Office of Student Financial Services on the Web at www.northeastern.edu/financialaid or call 617.373.5899 for additional information.

Applying for Financial Aid
For many students, financial aid is a major element in making Northeastern University affordable. The Office of Student Financial Services is committed to working with you to identify federal financial aid options that can help make a Northeastern education affordable. To take advantage of federal financial aid programs, students must submit the Free Application for Federal Student Aid (FAFSA) form. Meeting priority filing dates will allow the review of your eligibility for all available financial aid programs. The priority deadline for CPS students is three weeks prior to the start of the term. For information regarding your financial aid application, please visit the myNEU Web Portal (www.myneu.neu.edu), click on the “Self-Service” tab, and select “My Financial Aid Status.”

How to Apply
File the FAFSA at www.fafsa.ed.gov by March 1 in order to be considered for all available federal aid. Northeastern’s FAFSA school code is 002199. Full-time students who are Massachusetts residents and are interested in the MASSGrant need to apply by May 1.

You will need your PIN to electronically sign your FAFSA online. If you do not have one or have forgotten your PIN, go to www.PIN.ed.gov to obtain one before starting the FAFSA online.

Awarding Timelines
Students are awarded throughout the academic year once Student Financial Services has received all financial aid application materials.

Federal Aid Eligibility
Students in the College of Professional Studies must meet the following criteria to be eligible for federal financial aid:

• Be citizens or eligible noncitizens of the United States
• Be matriculated in a degree-granting program
• Have received their high school diploma or GED
• Be registered with Selective Service, if required
• Not be convicted of a drug-related crime in the last year
• Not be in default from previous student loans
• Maintain satisfactory academic progress
• Be enrolled in at least 6 quarter hours per term for federal loans

Satisfactory Academic Progress (SAP)
Satisfactory academic progress (SAP) is the measure of progress toward the completion of a course of study according to the standards of Northeastern University and required federal regulations. The standards of satisfactory academic progress apply to all financial assistance programs including Federal Pell Grant, Federal Work-Study, Federal Supplemental Educational Assistance Opportunity Grant (FSEOG), Federal Direct Loans (Stafford and PLUS), Federal Academic Competitiveness Grant (FACG), as well as assistance from the state and the institution. SAP standards apply to all students: full-time, part-time, degree, and certificate candidates.

Important SAP Considerations for Undergraduate Students
The following are considered when evaluating an undergraduate student’s satisfactory academic progress:

• Withdrawals, incompletes, not enrolled, and failures (W, I, NE, *, F) are considered attempted but not earned hours.
• Passing credits received for pass/fail courses are considered attempted and earned credits; failing grades in pass/fail courses are considered attempted but not earned.
• Repeated courses are included in the calculation of both attempted and earned hours. A student is allowed to repeat a course only twice.
• Transfer credits accepted by Northeastern are included in the credit completion rate and maximum time frame calculations but not the GPA.

For more information, please refer to the Student Financial Services Policies and Procedures: www.northeastern.edu/financialaid/policies/index.html.

Federal Loans
All students who complete a FAFSA are awarded an unsubsidized Federal Stafford Loan. Eligibility for a need-based subsidized Stafford Loan is determined by the information on the FAFSA. Students must be registered at least 6 credits in a term to be eligible for a federal loan. Additionally, a minimum of 6 credits must count toward their current degree for students to be eligible for a federal loan.
Supplemental Loans
For those who qualify, there are federal, state, and private educational loan programs that can be used to finance costs in excess of your awarded financial aid.

BILL PAYMENT

Student Accounts
354 Richards Hall
617.373.2270
617.373.8222 (fax)
617.373.3881 (TTY)

The Student Accounts office assists students and their families in managing their tuition accounts along with the ancillary charges that are a part of student life on campus. Full payment of tuition and other related charges is due on the Saturday at the end of the first week of class. (Payment for second-session courses is due by the first Saturday of the second session.) The Student Accounts office answers questions about underload and overload charges, the billing process, late fees, payment methods, and itemized charges.

In addition to assisting students and families with managing their tuition accounts, Student Accounts also manages:

• University health insurance plan. Massachusetts state law requires that Northeastern bill all full-time students for health coverage and allow students to waive this plan if they can demonstrate that they have comparable coverage. Student Accounts provides information about this program through its website. Students can waive this cost online via the myNEU portal.
• Monthly payment plan options, which are available to students and their families to help spread the cost of anticipated tuition and fees over the course of several months. Student Accounts provides information about the options available, enrollment fees, benefits, and how the sign-up process is initiated. More information about these plans is available at www.tuitionpay.salliemae.com/northeastern.

E-Bill
For e-bill information, please visit www.northeastern.edu/financialaid/studentaccounts/e-bill.html.

Northeastern University uses online billing and payment services to provide quick access to billing information and the ability to make payments worldwide seven days a week. There are no checks, envelopes, or stamps needed to make a payment. Additional benefits include viewable billing and payment history as well as convenient access for authorized third-party payers.

Payment of Tuition
Full payment of tuition and other related charges is due on the Saturday at the end of the first week of class. (Payment for second-session courses is due by the first Saturday of the second session.) Accepted methods of payment are:

• Electronic check and credit card payments can be made on the Web via NUPAY on myNEU. (MasterCard, Visa, American Express, and Discover accepted.) Check or money order, payable to Northeastern University.
• Funds wired directly to the university’s bank: Fleet Bank, USA, 100 Federal Street, Boston, MA 02210, USA. Account #9429409686, ABA #026009593. Reference Northeastern University, student’s name, and student account number.
• Through the monthly payment plan. Call 800.635.0120 or visit www.tuitionpay.salliemae.com/northeastern.
• Supplemental loans. Review options at www.northeastern.edu/financialaid.

A past-due balance may result in late fees, prevention of registration, prevention of grade release, prevention of participation in international study programs, or withdrawal from the university.

Tuition Reimbursement
Many companies, embassies, and agencies directly reimburse students for their educational expenses upon successful completion of courses. In these situations, the student is responsible for paying the bill in full at the beginning of the term or selecting another payment option. Tuition may not be left unpaid pending reimbursement by a third party. Check with your human resources department to see if you qualify. If your company requires an official transcript to process the tuition reimbursement, you may request your transcript through your myNEU account.

Tuition Remission/Third-Party Payer
Some companies and organizations will pay students for their educational expenses prior to the students completing a course. Please confirm with your human resources department to see if you qualify and to see what specific charges are covered, e.g., tuition only or tuition and fees. If you need help, please contact Billing, Payments, and Third-Party Billing at 617.373.2270; studentaccounts@neu.edu.

Discrepancies in Your Bill
Discrepancies in your bill should be addressed in writing to the Student Accounts Office. Include your name, Northeastern ID, permanent home billing address, Husky email address, dollar amount in question, date of invoice, and any other relevant information. Address all correspondence to Northeastern University Office of Student Accounts, 354 Richards Hall, 360 Huntington Avenue, Boston, MA 02115, or email studentaccounts@neu.edu from your Husky email address.
Responses will be sent to the student’s Husky email address. If there is a billing problem, please pay the undisputed part of the bill to avoid responsibility for any late fees or financial holds.

Refund Policies
Inquiries about credit balances should be directed to Student Accounts. Credit balances will be refunded to the student unless otherwise directed by the student or the bill payer. Please note the following exception:

- Payment plans—credit balances created from overpayment to the monthly payment plan will be refunded to the bill payer on record unless a letter of authorization, stating that funds may be released directly to the student, is received from that borrower.

Official Withdrawal Adjustments
Students who officially withdraw, either from a course or from the university, during an academic term will receive a tuition refund based on the policy specified in this catalog. Institutional funds awarded by Northeastern University will be adjusted based on the actual charges incurred during the term. Funds from federal Title IV programs will be returned to the government according to federal regulations. The federal government return-of-funds policy dictates that a student’s eligibility for federal financial aid is determined by the number of days enrolled during the term. The refund will be calculated from the day the student submits a notification of withdrawal to the registrar’s office.

Nonattendance does not constitute official withdrawal. Credit policies vary according to the duration of the course. Typical tuition adjustments are made according to the schedule described below.

12-Week, 8-Week, and 6-Week Sessions
CPS will permit students to withdraw from 12-week, 8-week, and 6-week courses within 14 days from the start of the term and receive a 100 percent refund. After the 14th day of the term, any student seeking to withdraw from a 12-week, 8-week, or 6-week course will be ineligible for a refund. Should a student decide to withdraw from a course, he or she is expected to do so via his or her myNEU account. Students who experience difficulty adding, dropping, or withdrawing from a course should promptly email the Office of the University Registrar at registrar@neu.edu. If it is determined that there is an issue, he or she needs to contact the Service Desk at 617.373.4357 (HELP); help@neu.edu.

Four-Week Sessions
CPS will permit students to withdraw from four-week courses within seven days from the start of the session and receive a 100 percent refund. After the seventh day of the session, any student seeking to withdraw from a four-week course will be ineligible for a refund.

Courses Meeting for One Week or Less
With the exception of Education Summer Institutes and one-day courses, CPS will permit students to withdraw from courses meeting for one week or less through the first day of the course and receive a 100 percent refund. After the first day of the course, any student seeking to withdraw from an intensive course meeting for one week or less will be ineligible for a refund.

Important note: Nonattendance does not constitute dropping a course. A student must submit a formal drop request in order to be eligible for a refund.

Medical Leave Tuition and Fee Adjustments
Medical and nonmedical leaves are granted when a student cannot complete the current academic period for health or personal reasons but is confident that he or she will reenroll within six months. Northeastern’s medical and nonmedical leave policy states that all tuition paid for such periods of leave will be held by the university and applied to future charges. Outstanding balances (including unpaid balances) for the academic term in which leave is taken are still due the university during that term. Financial aid recipients should contact the graduate financial aid office to understand the effects on aid received. Note: Leave petitions are available in college deans’ offices and specify the conditions and procedures under which leaves may be granted. Students who take leaves should be aware that more than six months on leave will cause many student loans to go into repayment.

Disability Resource Center Tuition Adjustments
Students who are registered with Northeastern’s Disability Resource Center (DRC) and are approved for reduced course loads may be eligible to petition the center for tuition adjustments directly related to their documented disability. Students who take leaves should be aware that more than six months on leave will cause many student loans to go into repayment. Further information is available from the DRC.
ATTENDANCE REQUIREMENTS

Class participation is essential to success no matter the course format or its delivery.

Attendance requirements vary. It is the student’s responsibility to ascertain what each instructor requires. If a student will be absent, it is his or her responsibility to inform the instructor and to abide by the terms about attendance as explained in the course syllabus. Unexplained absence from classes or failure to meet an assignment deadline may seriously affect the student’s academic progress and may result in a final grade of F.

“I Am Here” (IAH) Process

Students are required to verify their intent to enroll in CPS class(es) through their myNEU account during the first two weeks of each class start. This verification process is called “I Am Here.” Students who fail to complete this process on time will be dropped from the class(es).

Students are responsible for ensuring completion of the “I Am Here” process, which requires that they do not log out of the system early. Students who do not receive a “Successful Completion” message have not reached the end of the procedure and must start again. Sometimes it may take 24 hours before students can restart the procedure.

Students who experience difficulty with the process or have questions should contact CPSiamhere@neu.edu.

Nonattendance

Nonattendance does not constitute an official withdrawal. A student who registers for a course, completes the “I Am Here” process, or begins attendance and does not officially withdraw from the course is responsible for paying 100 percent of the tuition charges and applicable fees.

If a student who began attendance and did not officially withdraw fails to earn a passing grade in at least one course over an entire term, the university must assume that the student has unofficially withdrawn. For this purpose, nonpassing grades are defined as W, NE, *, L, or I. Unofficial withdrawals will be determined within 90 days of the end of the term. Students are responsible for paying 100 percent of tuition charges and applicable fees.

Federal financial aid recipients will have their awards reviewed and recalculated, causing a reduction in aid awarded.

LEAVES OF ABSENCE AND UNIVERSITY WITHDRAWAL

Absence Because of Illness

A student who is absent from school for an extended period of time must inform the college by letter, message, or telephone.

Absence Because of Religious Beliefs

The university maintains the following guidelines regarding student absences because of religious beliefs:

“Any student who is unable, because of his or her religious beliefs, to attend classes or to participate in any examination, study, or work requirement shall be provided with an opportunity to make up such examination, study, or work requirement that he or she may have missed because of such absence on any particular day; provided, however, that such makeup examination or work shall not create an unreasonable burden upon such school. No fees of any kind shall be charged by the institution for making available to the said student such opportunity. No adverse or prejudicial effects shall result to any student because of availing him- or herself of the provisions of this section.” (Massachusetts General Laws, Chapter 151C, Section 2B, 1985)

Absence Because of Jury Duty

Students who miss class(es) or cannot meet assignment deadlines or exams because of this obligation must notify their instructors in writing, explaining which class(es), assignment(s), or exam(s) will be missed on which days. The instructors will work with students to make up missed assignments or exams. Upon completion of their jury duty, students must bring a copy of the documentation of their service to the appropriate instructors. Students involved in a co-op or internship are expected to inform their supervisors if called to jury duty.

General Leave of Absence Policy

Students who wish to take a leave of absence are encouraged to apply for the leave by filling out the proper petition with their college one month prior to the start of the effective term. The usual limit for a leave of absence is for one or one-and-a-half academic terms (a term plus a half term). A leave of absence, if approved, will take into account the following conditions:

• Students who do not return at the end of the leave will be withdrawn and must submit a petition for subsequent readmission to the program.
• Students must return to classes, not co-op.
• Students must be currently enrolled in academic courses or co-op. If a student is withdrawn for any reason, a request for a
leave of absence cannot be considered until the withdrawal is resolved.

- Students who receive financial aid should meet with a financial aid counselor before going on a leave.
- Students in university housing should refer to the Office of Residential Life for policy information.
- Students’ enrollment status cannot include more than one academic year of consecutive nonclass enrollments.

International students must make an appointment with the International Student and Scholar Institute to discuss leave of absence procedures in accordance with federal regulations.

Students returning from an approved leave of absence must submit a notification of intent to return to their college academic student services office no later than one month prior to the start of the term in which they intend to return. Students are required to preregister for courses upon returning from a leave of absence.

Medical or Emergency Leave of Absence

Medical leave is an option available to those Northeastern students who develop a major medical condition that precludes class attendance, completion of requirements, and/or co-op. Medical leave petitions must be initiated at University Health and Counseling Services (UHCS). Students are not allowed to take courses for credit toward their degree at Northeastern while on medical leave of absence. Students can petition their college for an exception to take courses elsewhere based on extenuating circumstances.

Students who wish to reenter the university following a medical leave must contact the Medical Leave Team. Reentry from a medical leave requires receipt of all documentation delivered to UHCS on or around one month prior to the planned reentry to classes. Once all documentation is received by the Medical Leave Team, it will be reviewed and the student will be notified of the decision. Students must attend classes on the Northeastern campus for the term they wish to return from medical leave of absence.

More specific information about the medical leave and reentry process, along with the application for leave, can be found at www.northeastern.edu/uhcs/access.

Emergency leaves may be granted when a student cannot continue attending class after the start of the term due to life-changing situations beyond the student’s control.

The university’s medical leave of absence and emergency leave policy states that all tuition charged for the term in which the leave has been granted will be held by the university and applied toward future tuition charges in the same academic program. Outstanding balances (including unpaid balances) for the academic term in which the leave is taken are still due the university. Tuition adjustments are made depending on the timing of the leave. The adjustments would follow the same schedule as the Official Withdrawal adjustments. Financial aid recipients must contact their financial aid counselor to understand the effects on aid received.

If the leave extends more than six months, student loans may go into repayment. Students enrolled in the Northeastern University Student Health Plan (NUSHP) will remain enrolled in the plan for the plan year, ending August 31.

Emergency leave petitions are available in college academic student services offices and specify the conditions and procedures under which such leaves may be granted.

Returning from a Leave Of Absence

Students returning from an approved leave of absence may be required to submit to their college’s student services office a notification of intent to return. It should be submitted no later than one month prior to the start of the term in which they intend to return. Students are required to preregister for courses upon returning from a leave of absence. Students who are withdrawn and are applying for Commencement may be reentered on a leave of absence, pending the college’s approval, prior to the term in which they will graduate. International students returning from a leave of absence should contact the ISSI regarding the Student and Exchange Visitor Information System (SEVIS) procedures three to four months prior to anticipated return time.

Students who wish to reenter the university following a medical leave must contact the Medical Leave Team. Reentry from a medical leave requires receipt of all documentation delivered to UHCS on or around one month prior to the planned reentry to classes. Once all documentation is received by the Medical Leave Team, it will be reviewed and the student will be notified of the decision. Students must attend classes for the term they wish to return from medical leave of absence.

Leave of Absence for International Students

International students should discuss maintenance of proper U.S. immigration status with an advisor at the International Student and Scholar Institute before requesting a leave of absence.

University Withdrawal

Students seeking to withdraw from the university for any reason, other than medical, should contact their designated student success specialist or academic program designee.

Students may be withdrawn from the university for financial, disciplinary, academic, or health reasons. In a case that involves health reasons, a committee will review the recommendations of the director of health services to determine whether the student should withdraw. The student has an opportunity to present his or her case to the committee. Withdrawals are made only when it is determined that the student is a danger to him- or herself or to other members of the university community or when the student has demonstrated behavior detrimental to the educational mission of the university.
REENTRY TO PROGRAM

Application for reentry into any academic program is required of students whose studies are interrupted for a period of one year or more. Students are expected to meet the requirements of the program curriculum current at the time of reentry. If the program into which the student is seeking reentry is no longer offered, the student may choose to enroll in another program if he or she meets the admissions requirements for that program. Please contact the Office of Academic and Student Support Services for assistance and to complete the appropriate form.

REGISTRATION AND TAKING COURSES

Course Registration
For course registration information, please visit www.cps.neu.edu/class-registration/registration-instructions.php. Course registration procedures are as follows:

• Newly accepted and returning students add or drop courses through their myNEU account any time during the registration period.
• Certificate- and degree-seeking students whose studies have been interrupted for one year or more need to first apply for reentry through the Office of Academic and Student Support Services. Students may register for courses while completing the reentry process.
• Students interested in taking undergraduate-level courses for personal professional enrichment (PPE) may register using the Express Registration and Reentry form: https://prod-web.neu.edu/webapp6/CPSCourseReg/?form=expressReg. A student taking undergraduate courses while on PPE status may elect to apply to an undergraduate certificate or degree program by completing the online application process.
• Up to 8 qualifying credits earned while on PPE status may be applied to the intended undergraduate certificate program and up to 16 credits may be applied to the intended undergraduate degree program.
• Fast-Track program students do not need to register for courses themselves. The Fast-Track programs register all students enrolled in their programs each term. Contact the program directly with questions.
• Global program students should consult with their program to determine if they need to register on their own or if the program will register them.

All students need to be mindful of the college’s course add/drop policies and deadlines to register as early as possible with the intent to secure a spot in the preferred course and to avoid being charged in full for withdrawing after the deadline.

Auditing a Course
Students are permitted to audit courses, but they must complete the usual registration process and pay regular tuition fees. There is no reduction in fees for auditing.

An auditor may participate in class discussions, complete papers and projects, and take tests and examinations for informal evaluation. Regardless of the amount or quality of work completed, however, no academic credit will be granted at any time for audited courses. In addition, audited courses may not be used in the determination of enrollment status for financial aid purposes.

The student’s decision to audit a course must be communicated in writing to the Office of the University Registrar before the fourth class meeting for 12-week courses. For 4-, 6-, and 8-week courses, requests must be received by the second class meeting. No exception to this procedure may be approved without the authorization of the academic standing committee of the college.

If approved, the student should inform the instructor of his or her status as auditor of the course.

Course Selection and Planning
Students should refer to the College of Professional Studies website for program curriculum information. Students are encouraged to access their degree audits through their myNEU account to review their academic progress, to plan for future enrollment, and to consult with their student success specialist about their academic planning.

Course Prerequisites
Course prerequisites are courses that are required to have been completed prior to enrolling in another course. Before registering for a course through their myNEU account, students should read the course description to determine whether they have completed the course prerequisites.

Course prerequisites may be met by taking the prerequisite course(s) for undergraduate courses, by taking college-level or proficiency examinations for undergraduate courses, or by obtaining credit in specific academic disciplines for knowledge gained through prior learning experiences for undergraduate courses. Some courses have two parts; it generally is not possible to take part two before successfully completing part one.
Repeating a Course
If a student fails a course, he or she may repeat the course to try to earn a passing grade. A student may take the same course up to three times to earn a passing grade. Only the grade earned in the last attempt is used to calculate GPA.

Financial aid recipients must be mindful that repeating courses could impact their aid eligibility. Students with questions about this possible impact should contact their financial aid counselor.

Course Load
Students who are currently not studying in F-1 or J-1 status and who are eligible to study in the United States may be enrolled part-time or full-time. Applicants in B-1/B-2 or F-2 status cannot enroll part-time or full-time; however, they may choose to apply for a change to a status eligible to study in the United States and may enroll only upon approval by the U.S. Citizenship and Immigration Services (USCIS). Full-time course load is 12 credits each quarter at the undergraduate level.

Federal financial aid recipients must be enrolled in and successfully complete a minimum number of credits each quarter to maintain eligibility. For more information, please contact your financial aid counselor.

International Students
In order to maintain lawful student status in the United States, international students must be mindful of the rules and regulations that govern their nonimmigrant visa classification. Numerous U.S. federal regulations make it especially important for students in the “F” (student) and “J” (exchange visitor) categories to consult regularly with an international student advisor at the International Student and Scholar Institute (ISSI) before taking any action that might impact their immigration status and educational endeavors in the United States.

All international students in F or J status must register before each quarter starts. It is strongly recommended that international students be registered at least two weeks before the quarter starts. They also must be enrolled full-time each quarter. Any exceptions from full-time registration requirements must be preapproved by the ISSI in accordance with specified regulations.

In the College of Professional Studies (CPS), each 12-week quarter (term) is made up of Parts of Term (courses that run less than 12 weeks). Courses last the entire 12 weeks of a quarter, while others run for either the first 6 weeks or the last 6 weeks. Students in F-1 and J-1 status must remain registered at all times during a quarter to remain in compliance. Students are not allowed to take courses during only one-half of an academic quarter.

International Student Enrollment Requirements
To achieve full-time status, undergraduate international students must be enrolled for 12 credits each quarter.

For a 12-credit course load, international students must take at least 9 credits of courses that are held on campus or in the blended or hybrid format.

Students may not take classes on campus for just the first or second 6 weeks of a 12-week quarter and then take only online courses during the other 6 weeks.

In the final academic term of a student’s program of study, enrollment may be for less than 12 credits, but it must either be on campus or a combination of on campus and online throughout the entire term.

Course Formats
For information on CPS course formats, please visit www.cps.neu.edu/class-registration/course-formats.php.

CPS is in a quarter system and offers courses in a variety of formats to accommodate students’ schedules and learning-style preferences.

Duration of Courses
Course durations are as follows:

• During the fall, winter, and spring terms, courses are offered in 6-week sessions or the full 12-week term.
• In addition, undergraduate science courses are offered in 4-week sessions during the spring and summer terms.
• During the summer term, courses are offered in two 4-week sessions, one 6-week session, or the full 8-week summer term.

Course Delivery
The following course delivery methods are used:

• On campus (on ground): Classes meet every week at our main Boston or downtown Boston campus locations for face-to-face contact with students and instructors.
• Blended (six weeks only): Classes meet approximately two hours and 10 minutes per week (or three hours and 10 minutes for summer classes); online course content and discussions equivalent to the remainder of the course contact time augment the in-class instruction.
• Online: Lectures, lessons, and exercises are completed online over the course of the term. View Demo of an Online Course: www.northeastern.edu/online/northeastern-online-demo.php.
• Hybrid: Classes combine on-campus and online instruction. Classes do not meet on campus every week; instead, they meet on campus during selected weeks of the term as determined by the instructor. The majority of classes are held on campus. The rest of the instruction is delivered online.
Course Add/Drop Policy
Please refer to the academic calendar for specific dates: www.northeastern.edu/registrar/calendars.html.

Effective as of the fall 2012 term, the last day to add a 6-week course is the end of the first week of classes. For 4-week courses, students may add a course within the first week of the course. For 8- and 12-week courses, students may add a course within the first 2 weeks of the course.

Students who drop a course before the deadline will not be charged for the course and will not have a W (withdrawal) on their transcript. Thereafter, students are responsible for 100 percent of the tuition charges and applicable fees. All such dates are specified in the academic calendar.

Students are expected to add/drop courses using their myNEU account.

Students who are financial aid recipients are advised to consult with their financial aid counselor to determine if a change in their course enrollment might affect their aid award.

Students who experience difficulty adding or dropping from a course should promptly email the Office of the University Registrar (registrar@neu.edu). If it is determined that there is an issue with the student’s myNEU account or access, he or she needs to contact the Service Desk at 617.373.4357 (HELP); help@neu.edu.

Course Withdrawal Policy
Please reference the academic calendar for specific dates by which students may withdraw from a course. A W will be noted on the student’s transcript and the student is responsible for 100 percent of the tuition charges and applicable fees.

Students are expected to withdraw from courses using their myNEU account.

Students who are financial aid recipients are advised to consult with their financial aid counselor to determine if a change in their course enrollment might affect their aid award.

Students who experience difficulty withdrawing from a course should promptly email the Office of the University Registrar (registrar@neu.edu). If it is determined that there is an issue with the student’s myNEU account or access, he or she needs to contact the Service Desk at 617.373.4357 (HELP); help@neu.edu.

Students in Fast-Track programs who wish to drop or withdraw from a course must contact their programs directly.

GRADING SYSTEM
Grades are officially recorded by letters with a corresponding point value on a 4.000 scale and are evaluated as follows:

<table>
<thead>
<tr>
<th>Letter</th>
<th>Numerical Equivalent</th>
<th>Explanation</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4.000</td>
<td>Outstanding achievement</td>
</tr>
<tr>
<td>A–</td>
<td>3.667</td>
<td>Good achievement</td>
</tr>
<tr>
<td>B+</td>
<td>3.333</td>
<td>Satisfactory achievement</td>
</tr>
<tr>
<td>B–</td>
<td>2.667</td>
<td>Poor achievement</td>
</tr>
<tr>
<td>C+</td>
<td>2.333</td>
<td>Failure; does not satisfy degree/program requirements</td>
</tr>
<tr>
<td>C</td>
<td>2.000</td>
<td>Incomplete in a letter-graded course (see Note 1 below)</td>
</tr>
<tr>
<td>C–</td>
<td>1.667</td>
<td>Unsatisfactory achievement in a course; does not count toward degree requirements</td>
</tr>
<tr>
<td>D</td>
<td>1.000</td>
<td>Incomplete in a satisfactory/unsatisfactory course (see Note 1 below)</td>
</tr>
<tr>
<td>D–</td>
<td>0.667</td>
<td>Officially enrolled as auditor of course</td>
</tr>
<tr>
<td>F</td>
<td>0.000</td>
<td>Withdraw; student formally withdrew from course, through his or her myNEU account, before the registrar’s published deadline; administrative grade; assigned only by the registrar</td>
</tr>
<tr>
<td>NE</td>
<td></td>
<td>Not enrolled; did not attend after the date of record, the start of the second full week</td>
</tr>
<tr>
<td>IP</td>
<td></td>
<td>Course in progress; intended for a course such as Senior Thesis or a project that extends over several terms (see Note 1 and Note 2 below)</td>
</tr>
</tbody>
</table>

Note 1: An I, IP, or X grade shows that the student has not completed the course requirements and, typically, is given at the discretion of the instructor. The Incomplete, or I grade, may be given only when the student was approved to make up a single key requirement of a course, such as a paper or major report.

Note 2: An IP may be replaced by a regular grade with a standard change-of-grade card. The time restrictions on the I grade do not apply to the IP grade. While unchanged, it is not included in computing the GPA. If never changed, the course does not count toward graduation requirements.
Calculating Your Grade-Point Average (GPA)
To calculate your grade-point average:

1. Convert the letter grades to numerical values using the table above. Please note: I, IP, L, NE, W, S, and X grades are not included in the determination of GPA.
2. Multiply the value of the letter grades by the number of hours taken in each course. For example, if a student earns a C in a 4-credit-hour course, the grade points would be 8.000 (2 grade points times 4 credit hours taken equals 8.000 grade points).
3. Add all the quality points.
4. Add all the hours attempted (except classes with I, W, S, and U).
5. Divide total grade points by total hours attempted. The quotient, truncated to three decimal places, is the GPA.

S/U (Pass/Fail) Grades
Any undergraduate student in good academic standing may register for satisfactory/unsatisfactory (commonly known as pass/fail) courses. The following rules apply:

- Undergraduate degree students may register for one open elective course per quarter on a Satisfactory/Unsatisfactory (S/U) basis but may not take more than a total of five S/U courses at the College of Professional Studies.
- To be eligible for S/U status, the student must be in good academic standing and also must meet all prerequisites for the course.
- To be graded on an S/U basis, the student must file an S/U petition prior to the fourth class meeting for 12-week courses. For 4-, 6-, and 8-week courses, petitions must be received by the second class meeting.
- The grades recorded on the basis of the S/U system will not figure in the computation of the GPA.
- Grade equivalents in an S/U system are:
  - $S = C–$ or better
  - $U = less than a $C–$
- An “incomplete” in a course taken on an S/U basis is designated by the letter X on the permanent record and must be treated according to the normal procedure for incomplete grades.

Dean’s List
A dean’s list for the undergraduate programs is compiled at the end of each fall, winter, and spring term.

Effective fall 2010 term, the requirements to be on the dean’s list are a 3.500 grade-point average or higher with no incomplete grade or grade below $C–$. Students who are on any form of probation, who are enrolled in a course on a pass/fail basis (except when there is no alternative or when required by the program), or who are not carrying at least a half-time load are not eligible. A half-time load is considered to be 6 quarter hours per 12-week term.

Dean’s list recognition is noted on the student’s official academic record.

ACADEMIC PROGRESSION STANDARDS

Academic Progress/Standing
The minimum cumulative grade-point average (GPA) that an undergraduate student must maintain to be in good academic standing is 2.000. These standards and the following sections on academic warning, probation, and dismissal apply to all matriculated students regardless of when they began their studies at the College of Professional Studies.

Students should review their grades and academic standing at the end of each term through their myNEU account. If there are any discrepancies, students should immediately contact the instructor(s) directly.

Notation of Academic Probation appears on the internal record but not on the permanent transcript.

A matriculated undergraduate student is on academic probation for low academic performance for the first time if his or her cumulative grade-point average (GPA) is below 2.000 after he or she has attempted 12 credits at the College of Professional Studies. At this point, the student is strongly encouraged to consult with his or her designated student success specialist to develop an action plan toward improving his or her academic standing.

An undergraduate student is placed on academic probation for the second time if his or her cumulative GPA is below 2.000 after he or she has attempted 24 credits at the College of Professional Studies. The student is required to consult with his or her designated student success specialist to develop options and receive support and recommendations for services to improve his or her academic standing. Otherwise, a registration hold may be placed on the student’s account.

A student whose cumulative GPA remains below 2.000 after attempting 36 credits will be academically dismissed. An undergraduate student who has been academically dismissed from the university is automatically dismissed from his or her major.

A student must make consistent satisfactory academic progress toward his or her program. A student who attempts but does not complete credits and earns one or more I, IP, NE, or W grades for two or more consecutive terms may be placed on academic probation, which may then result in academic dismissal.

A student may appeal this decision to the college’s academic standing committee if he or she can provide documented evidence supporting an appeal. A student who wishes to appeal must provide a written statement to the committee within 20 working days (four calendar weeks) of the day after academic standing information is posted to the student’s record, typically one to two weeks after the term ends. Students should check their academic progress via their myNEU account at the end of each term.
ACADEMIC REQUESTS

Course Overloads
A full course load for an undergraduate student is 18 credits taken across a 12-week quarter, with no more than 9 credits per 6-week session.

To be eligible for a course overload (more than 18 credits per 12-week quarter or more than 9 credits per 6-week session), an undergraduate student must:

• Have a record of successful study at Northeastern University—transfer students must wait at least one term to request an overload.
• Have a minimum cumulative grade-point average of 3.000.
• Request the overload by completing the appropriate form and returning it to his or her designated student success specialist, assuming the above two criteria are met. Course overload is approved term by term.

Change of Major/Program of Study
An undergraduate student matriculated in a certificate/degree program may choose to enroll in another undergraduate major/program, after consulting with his or her designated student success specialist and completing the appropriate change-of-program form. He or she is responsible for meeting all admission requirements for the intended program.

Please note: Previously awarded transfer credit awards are subject to change.

An undergraduate Fast-Track student who would like to switch to a non–Fast-Track program must consult with the Fast-Track program director and be advised that the transfer credit award the student received will change.

Course Substitution
Students in undergraduate programs may request to replace up to four courses in an academic program with comparable courses.

Students must complete a Request for Course Substitution form and submit it to their designated student success specialist, who will work with the academic program for its review.

Independent Study
Independent study is an opportunity for degree students to undertake special research, literature review, or experimental study projects in areas related to their program of study. As part of the request for independent study, interested students must submit a study proposal for the program director’s approval. The proposal needs to include a detailed outline of the objectives and plan of study and a supporting statement from the faculty member under whose direction the study is intended to take place.

Students may take up to two independent studies.

Course Waiver
Course waivers may be awarded to a student who has completed the equivalent course from another accredited institution in the past seven years. The waiver will exempt the student from completing the required course. The student will complete another course, as approved by the program, to satisfy the number of credits required for the program.

Students in undergraduate programs may request to waive up to four courses by completing the appropriate form.

COMPLETING DEGREE REQUIREMENTS

Undergraduate Degree Programs
To earn an undergraduate degree at the College of Professional Studies, students must complete all courses as prescribed in the curriculum and the required number of credits (160–186) as per the curriculum and must maintain a minimum cumulative grade-point average (GPA) of 2.000 or as outlined by the specific program.

Undergraduate Certificate Programs
To earn an undergraduate certificate at the College of Professional Studies, students must complete all courses as prescribed in the curriculum and the required number of credits as per the curriculum and must maintain a minimum cumulative grade-point average of 2.000 or as outlined by the specific program. The certificates list the minimum number of credits required to earn each certificate and may vary depending on the certificate.

Time Limits on Program Completion
Although there is no set limit for an undergraduate student to complete his or her certificate or degree, students need to know that science and technology courses do expire after seven years.

At the time of reentry for an undergraduate student whose studies were interrupted for one year or more, the science or technology courses that were completed seven years or more ago cannot be used to satisfy the science or technology requirement for the degree. The student has to retake the course or take another course in the subject area to satisfy degree requirements. Credits earned for the expired science or technology course may be applied to the open electives requirement in the degree, if applicable.

Please note: The College of Professional Studies makes adjustments to its academic program offerings and curricula to stay current and to be able to offer students the most relevant courses and knowledge in the field. Examples of such changes include adding new programs, adding/adjusting course requirements, adding/adjusting courses, and adding/adjusting curriculum requirements.

When there is a change to a curriculum or program requirement, students already matriculated and actively enrolled in the program may continue to follow the program requirements.
at the time of matriculation or to follow the new curriculum/program requirements, unless it is otherwise specified by the academic program at the time of the announcement of said changes.

**DECLARING AN UNDERGRADUATE MINOR**

Bachelor’s degree students may add up to two minors to their programs of study.

An undergraduate minor requires a minimum of 18 but no more than 22 credit hours of undergraduate-level course work, as specified by the individual minor program. The student may choose from among 11 undergraduate minor programs. The completed undergraduate minor appears on the student’s official record.

The following rules apply:

- The student may declare his or her intent to pursue a minor at the time of application for admission or after acceptance as an enrolled student, up until the beginning of his or her last term of enrollment. It is strongly encouraged that a student who wishes to pursue an undergraduate minor begin planning early and consult with his or her designated student success specialist.
- The program of study for his or her major and minor cannot be the same where the requirements for the minor are a subset of requirements in the major, e.g., a Bachelor of Science student with a biology major cannot enroll in the biology minor; a Bachelor of Science student with a management major cannot enroll in the business minor.
- The student must fulfill all requirements for the minor and degree concurrently and may not extend his or her program of study to complete a minor.
- Courses used to fulfill requirements for the minor also may be used to complete undergraduate degree requirements.
- The student must adhere to the curriculum of the undergraduate minor(s) for which he or she has been approved. If the student wishes to request a course substitution to fulfill requirements of an undergraduate minor, he or she must seek prior approval through his or her designated student success specialist. If the student does not complete the courses as prescribed in the curriculum and did not seek prior approval for an exception, such actions could lead to the minor not appearing on the student’s official record.
- The student may use up to 9 quarter hours (QH) of transfer credits to be applied toward an undergraduate minor.
- The student in the Bachelor of Science in Liberal Studies program may choose to complete courses specified for a minor as part of his or her specialization.
- The student in undergraduate Fast-Track programs is eligible to apply for undergraduate minors. The Fast-Track student must fulfill all requirements of the degree and minor(s) concurrently, which could result in the student completing more than the minimum credits required for the degree alone, e.g., a Fast-Track Bachelor of Science student who entered the Fast-Track program with 80 transfer credits and with a major in leadership and minor in international affairs will need to earn 80 credits to fulfill degree (major) requirements plus 18 credits to fulfill minor requirements. Courses in the undergraduate minors are offered outside of the Fast-Track programs and do not adhere to the rules and procedures that are part of the Fast-Track programs.

**GRADUATION REQUIREMENTS**

**Graduation Procedures**

The following information is for degree-seeking students only. Certificate students should refer to the “Request to Declare Certificate Completion” available at www.cps.neu.edu/student-resources/academic-forms.php.

Only students who complete the graduation application process by specified deadlines will be considered for graduation and included in the graduation ceremony program. Northeastern University confers degrees three times each academic year: winter, spring, and fall. Degree conferral refers to the official recognition of degree completion by the university. Students whose degrees are conferred in winter or spring are invited to the spring graduation ceremony. Students whose degrees are conferred in the fall are invited to the fall graduation ceremony.

Each fall, the Office of the Registrar sends an email notification to students who may be eligible to graduate that academic year about applying to graduate. Eligibility is based on the number of earned credits at the beginning of the fall term. This email notification informs and instructs students to complete the “Apply to Graduate” process, accessed via their myNEU account. Students are prompted to verify and provide critical information, e.g., spelling of the student’s name on the diploma, intent to participate in the graduation ceremony, and mailing address.

To qualify for the winter conferral, students must fulfill all academic requirements by the end of the fall term. For the spring conferral, students must complete requirements by the end of the previous winter term. For the fall conferral, students must complete requirements by the end of the summer term.

The actual dates of degree conferral, qualifying term, and corresponding graduation ceremonies are published at www.northeastern.edu/commencement/faqs/index.html when the information is available.

**Diploma**

The following rules apply concerning the diploma:

- The major will be printed on diplomas for only nonspecified degrees (Bachelor of Science, Bachelor of Arts, Master of Science, and Master of Arts).
- Changes made to a student’s name after the diploma has been printed may be subject to a $50 fee and may not be corrected until after graduation.
Changes made to a student’s degree information and name submitted after the program deadline will not be noted in the graduation program.

**Graduation with Honors**
Graduation with honors is reserved for bachelor’s degree candidates who have completed the required credits of work (i.e., residency—see “Residency” heading below) at the College of Professional Studies and who meet the following GPA requirements to graduate with honors:

<table>
<thead>
<tr>
<th>Grade-Point Average</th>
<th>Honor Conferred</th>
</tr>
</thead>
<tbody>
<tr>
<td>3.500–3.699</td>
<td>Graduate with honor (cum laude)</td>
</tr>
<tr>
<td>3.700–3.849</td>
<td>Graduate with high honor (magna cum laude)</td>
</tr>
<tr>
<td>3.850–4.000</td>
<td>Graduate with highest honor (summa cum laude)</td>
</tr>
</tbody>
</table>

Note: The university reserves the right to change these standards at any time.

**Residency**
With specified exceptions, e.g., bachelor’s degree students who transferred from a qualifying college at Northeastern University, students must complete a minimum of 72 credits at the College of Professional Studies to satisfy the residency requirement to graduate with honors.

**PERSONAL INFORMATION**

**Change of Name**
Report all name changes to the Office of the Registrar immediately. This is especially important when students marry and wish to use a new name on university records.

**Change of Address**
Report all address changes via the myNEU Web Portal (www.myneu.neu.edu) or in person at the Office of the Registrar or Office of Student Accounts. Both the permanent home address and the local address are required. International students must also report any changes of address to the International Student and Scholar Institute within 10 days in order to ensure compliance with SEVIS requirements.

**ACADEMIC INTEGRITY**

The following academic integrity policy was designed and approved by the Student Government Association and was also approved by the Faculty Senate.

Academic integrity is important for two reasons. First, independent and original scholarship ensures that students derive the most from the educational experience and the pursuit of knowledge. Second, academic dishonesty violates the most fundamental values of an intellectual community and deprecates the achievements of the entire university.

Accordingly, Northeastern University views academic dishonesty as one of the most serious offenses that a student can commit while in college. Academic dishonesty includes cheating, fabrication, plagiarism, unauthorized collaboration, participation in academically dishonest activities, and facilitating academic dishonesty.

All members of the Northeastern University community—students, faculty, and staff—share the responsibility to bring forward known acts of apparent academic dishonesty. Any member of the academic community who witnesses an act of academic dishonesty should report it to the appropriate faculty member or to the director of the Office of Student Conduct and Conflict Resolution.

The charge will be investigated and if sufficient evidence is presented, the case will be referred to the Northeastern University Student Judicial Hearing Board.

Visit www.northeastern.edu/osccr for a full description of these policies and procedures.

**Honor Code**
The following honor code was designed and approved by the Student Government Association: On my honor, I pledge to uphold the values of honesty, integrity, and respect that are expected of me as a Northeastern student.

**FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)**

**FERPA for Students—General Information**
FERPA is a federal law that applies to educational institutions. Under FERPA, schools must allow students who are 18 years or over or attending a postsecondary institution:

- Access to their education records
- An opportunity to seek to have the records amended (see the Student Handbook for this procedure)
- Some control over the disclosure of information from the records

**FERPA General Guidance for Parental Disclosure**
When a student turns 18 years of age or attends a postsecondary institution, the student, and not the parent, may access, seek to amend, and consent to disclosures of his or her education records.

If you are an undergraduate day student and you choose not to share information with your parents, Northeastern will, if asked, indicate that you have restricted access to your records.
Release of Directory Information
The primary purpose of directory information is to allow Northeastern University to confirm attendance for employers, health insurance companies, and loan agencies. Northeastern may disclose appropriately designated “directory information” without written consent, unless you have advised the university to the contrary in accordance with the procedures below. If you choose not to release directory information, all communications with all third parties and agencies will need to be done through your written request to the university or in person.

Northeastern Directory Information:
- College and major
- Dean’s List or other recognition lists
- Graduation degree(s) and honors
- Dates of attendance
- Sports activity participation, such as for soccer, showing weight and height of team members
- A playbill, showing your role in a drama or music production

If Northeastern currently has permission to release data and you do not want the university to disclose directory information without your prior written consent, you must notify the university by coming to the Office of the Registrar, 120 Hayden Hall.

Notification of Rights under FERPA
The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights are:

1. The right to inspect and review the student’s education records within forty-five days of the day the university receives a request for access. Students should submit to the registrar, dean, or head of the academic department (or appropriate official) written requests that identify the record(s) they wish to inspect. The university official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the university official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student’s education record that the student believes is inaccurate or misleading. Students may ask the university to amend a record that they believe is inaccurate or misleading. They should write the university official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the university decides not to amend the record as requested by the student, the university will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interest. A school official is defined as a person employed by the university in an administrative, supervisory, academic, or support staff position (including law enforcement unit and health staff); a person or company with whom the university has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a person assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the university to comply with the requirements of FERPA. At Northeastern, the Office of the University Registrar, 120 Hayden Hall, administers FERPA.

5. Information concerning the following items about individual students is public and the offices listed below have the most accurate and up-to-date information:
   - **Office of the Registrar**
     (120 Hayden Hall)
     Full name, major field of study, dates of attendance, class year, degrees and awards received, most recent previous educational institution attended.
   - **Department of Athletics**
     (219 Cabot Physical Education Center)
     Participation in formally recognized university athletics, weight and height of members of athletic teams.
   - **Campus Activities**
     (434 Curry Student Center)
     Participation in officially recognized university activities and student organizations.

FERPA and the USA Patriot Act
The USA Patriot Act preempts FERPA, described above. The act provides federal law enforcement agencies access to otherwise confidential student records upon the presentation of specified authority. The act also says that the university cannot notify the
individual whose records or information is being sought that the request has been made. All requests for student information made under the authority of the USA Patriot Act are handled by the Office of University Counsel, 115 Churchill Hall.

**STUDENT RIGHT-TO-KNOW ACT**

For information about the Student Right-to-Know Act, please visit www.northeastern.edu/registrar/right-to-know.html.

**STUDENTS’ BILL OF ACADEMIC RIGHTS AND RESPONSIBILITIES**

This bill was drafted by the Student Senate, the vice president for student affairs, and members of the Faculty Senate. It was passed in the spring of 1992.

**Academic Rights**

We, the students of Northeastern University, believe that a quality education is the paramount goal of all students. In order to fulfill this goal, the university must recognize certain rights, which are set down in this document. (The student rights, through their representatives in the Student Government Association [SGA], described in these sections arise from faculty and staff employment responsibilities and obligations to the university. Northeastern University students recognize and accept that it is the sole prerogative of the university to enforce these obligations and responsibilities and to determine whether and to what extent they are being carried out or violated in specific instances. Northeastern University students recognize and accept that their ability to effect redress of complaints arising from these rights is limited to the procedures specified in the current Graduate Student Handbook.)

**COURSE-RELATED RIGHTS**

Article 1 Students have the right to instructors who attend scheduled classes on time.

Article 2 Students have the right to view work they submit to satisfy course requirements after it is graded.

Article 3 Students have the right to adequate access to instructors.

Article 4 Students have the right to receive a course outline, which includes a fair and explicit grading policy, at the beginning of each course.

Article 5 Students have the right to instructors who communicate the material pertaining to the course effectively in the English language, except in the case of foreign language instruction.

Article 6 Students have the right to participate in and have access to Student Government Association student teacher course evaluations.

**RIGHTS TO UNIVERSITY ACADEMIC SERVICES**

Article 7 Students have the right to adequate access to effective academic services, as described in the student handbook and other university publications, provided by the university.

Article 8 Students have the right to an environment conducive to learning. (Because the university operates on a 12-month calendar in an urban environment, many construction, remodeling, renovation, and repair projects must take place while the university is in session and while other potential distractions from the learning process arise from the surrounding urban environment on which it is dependent but over which it exerts little or no control. Thus, though the university is committed to maintaining an appropriate learning environment for its students, Northeastern University students recognize and accept, as part of their relationship with the university, that the conditions described above may cause occasional disturbances to that environment.)

Article 9 Disabled students have the right to be treated in a nondiscriminatory fashion in accordance with the policies described in university publications and consonant state and federal laws.

**SCHEDULING RIGHTS**

Article 10 Students have the right to nonconflicting final exam schedules.

Article 11 Students have the right to final exam schedules in accordance with established university policy.

Article 12 Students have the right to be excused from academic commitments for a religious observance.

**GENERAL ACADEMIC RIGHTS**

Article 13 Students have the right to be informed, in a timely fashion, of proposed or actual university action to be taken against them.

Article 14 Students have the right of access to their academic and financial aid records and maintenance of the privacy of these records, as provided by the Federal Educational Rights and Privacy Act.

Article 15 Students have the right to be free from harassment by other members of the university community.

Article 16 Students have the right to the redress of academic grievances.

**Student Responsibilities**

It is each student’s responsibility to:

1. Contribute to a climate of open inquiry and honesty in all aspects of the university’s academic life.
2. Commit sufficient time and effort for study and the use of library, studio, and computational facilities in connection with each course.
3. Contribute to the classroom/laboratory/studio learning environment through discussion and active participation.
4. Acquire the necessary prerequisites for full participation in each academic course.
5. Attend scheduled classes regularly and on time.
6. Obtain help with problems encountered in a given course by seeking out faculty and teaching assistants outside of class time.
7. Respect the concept of academic freedom of each faculty member.
8. Assist the university in its self-evaluation by responding honestly and conscientiously.
9. Provide permanent and local address information to the university in order to allow for communication.
10. Check their university email address on a frequent and consistent basis in recognition that many communications may be time-critical.

**ACTIVE-DUTY MILITARY PERSONNEL**

As a member of the Service Member Opportunity Colleges, the College of Professional Studies’ academic residency requirement is different for active-duty service members. Active-duty service members are required to complete 25 percent of the undergraduate certificate/degree program in CPS.
NU Global is international education at the College of Professional Studies. It provides international students with innovative pathway, language, and global degree programs; world-class resources; collaborative learning environment; and outstanding faculty.

**INTERNATIONAL BACHELOR’S COMPLETION PROGRAMS**

**AMERICAN CLASSROOM PROGRAM**

The American Classroom combines advanced English-language training with Northeastern University credit-bearing academic courses. Students may enter the program at one of three different levels depending on language proficiency. Successful completion of Phase 3 allows you to waive the TOEFL language test requirement for admission.
PATHWAY PROGRAMS

Global Pathways
The Global Pathways Program offers specialized areas of academic study, intensive English-language training, and academic skills preparation. There are three areas of concentration: business and social sciences; engineering, math, and computer science; and physical and life sciences. Upon successful completion of the program, students are admitted to their chosen undergraduate or graduate degree program.

Entrance Requirements
The entrance requirements are an academic record equivalent to a GPA of at least 2.500 and high-intermediate to advanced level of English equivalent to iBT 52 for undergraduates and iBT 61 for postgraduates.

Program Features
The program is designed to enable the student to:
• Select from three entry points each year: fall, spring, and summer
• Complete the program in one, two, or three semesters depending on qualifications
• Benefit from academic advising, online tutoring, and student support services
• Enjoy access to all university facilities
• Choose from a wide range of degree programs
• Be guaranteed entry to a Northeastern University degree program upon successful completion of Global Pathways

US-Sino Pathway Program (USPP)
The US-Sino Pathway Program (USPP) is a multicomponent program created by the Consortium of North American Universities (CNAU). Through USPP, students in China are prepared to enter a bachelor’s degree program in one of the CNAU institutions. Upon successful completion of the USPP, students are offered admission to a CNAU member institution without requiring a TOEFL or IELTS score. In USPP, students earn academic credits in a supportive learning environment and receive comprehensive English preparation. Students who successfully complete the program can earn up to 33 semester hours of credit, allowing them to matriculate as sophomore students.

The CNAU member institutions are:
• Northeastern University, Boston, Massachusetts
• Baylor University, Waco, Texas
• DePaul University, Chicago, Illinois
• George Mason University, Fairfax, Virginia
• Marist College, Poughkeepsie, New York
• Stevens Institute of Technology, Hoboken, New Jersey
• University of Vermont, Burlington, Vermont

Entrance Requirements
The entrance requirements are:
• High school diploma
• High school GPA 2.500 or above
• Pass USPP entry examination
• Residence in China

Program Features
The program offers the student:
• A pathway to enrollment at one of seven top U.S. colleges/universities
• A two-semester English course to build academic English skills to a level that will enable students to participate successfully in all facets of academic and college life in the United States
• A Summer Bridge term in the United States as students transition to the academic and social life in an American college/university
• A career and program counseling course to discover education and job options
• Benefit from transition assistance to the destination institution
An innovative, first-year college program, Foundation Year supports City of Boston students as they develop the skills to be successful in any college setting. Launched in 2009, Foundation Year is designed for recent City of Boston high school graduates and GED completers who would benefit from a more structured learning environment. Featuring rigorous academics, extensive support services, real-world experience, and all the privileges that come with being a Northeastern University student, Foundation Year brings together the right resources for each student—maximizing the potential for success.

Accepted students are enrolled in Northeastern University’s College of Professional Studies where they can earn a full year of college credits upon graduation. To foster camaraderie and peer-to-peer learning, the program is built around the cohort model, in which Foundation Year students attend all classes and workshops together.

Upon graduation, students are eligible to:

- Apply for admission to another college or university and transfer first-year credits toward an associate or bachelor’s degree program
- Continue at Northeastern University’s College of Professional Studies in a bachelor’s degree program
- Apply to transfer to another college at Northeastern if admission criteria are met

Academics

Designed with the student in mind, Foundation Year’s intensive curriculum includes courses in English, sociology, mathematics, and history. Students can also focus their studies by choosing from electives in a business, science, or liberal arts track. Foundation Year students can earn 44 quarter hours of credit—equivalent to one year of college credits.

ACADEMIC INTERNSHIPS AND COOPERATIVE EDUCATION

An academic internship or cooperative education placement is an opportunity for students to engage in a short-term workplace experience that is relevant to their academic course of study. The College of Professional Studies’ cooperative education department makes every effort to work with students to identify experiential learning opportunities of three to six months to facilitate career exploration and transition. This program is an optional component of most degree programs. Students must qualify to participate. Please review the following website for guidelines, academic requirements, and opportunities: www.cps.neu.edu/degree-programs/internships-co-ops.

WORLD LANGUAGES CENTER

The World Languages Center (WLC) is a cooperative venture between the College of Social Sciences and Humanities and the College of Professional Studies. As Northeastern University continues to become more globally engaged and integrated, the study of languages becomes significantly more valued and more important to the success of our students.

Increasingly, Northeastern students want to know how other communities view the world, encode their realities, and express their values and traditions. Northeastern students realize that understanding the rich mosaic of different ways of being in this world and understanding other languages of the world are critical to becoming well-educated, fulfilled citizens.

To respond to the growing student demand for languages and to increase the number of languages that we offer, the World Languages Center was created. The primary goal of the World Languages Center is to offer an expanding array of languages in a variety of instructional formats for Northeastern students and to ensure that students are able to take at least two years of instruction (four semesters) in any language offered by the WLC.
CORE CURRICULUM

College of Professional Studies degrees integrate a core set of course requirements that ensure all of our graduates possess a well-rounded educational background and understanding of the world. The core courses allow students to gain insights into disciplines other than their field of study, as well as develop expertise in written and oral communication and critical thinking.

Core Curriculum

Note: The core curriculum below does not apply to the following engineering technology programs:

• Computer engineering technology
• Electrical engineering technology
• Mechanical engineering technology

These three engineering technology programs use the engineering technology core curriculum, which appears on page 39.

**BIOLOGICAL SCIENCE**

The Bachelor of Science in Biological Science program is designed for students who wish to pursue a science-based career or continue their education by obtaining a graduate degree in a health- or science-related field. The program fosters a basic understanding of the organization and the processes of life, from molecules and cells through organs and organ systems to populations, species, ecosystems, and evolution. In addition, the program offers the mathematical, chemical, and physical background necessary for understanding biology and the practical scientific skills associated with each of these areas.

BIOTECHNOLOGY

The undergraduate biotechnology degree program at the Northeastern University College of Professional Studies prepares graduates for entry-level positions in diverse occupations within the biotechnology industry. Building on a strong foundation of liberal arts and sciences, courses focus on state-of-the-art biotechnology principles and delivery. The curriculum promotes effective oral and written communications skills, critical thinking, and problem solving to promote professional competency in a variety of high-tech industries related to pharmaceutical manufacturing, vaccine production, medical device creation and fabrication, clinical drug and medical device trials, and governmental regulatory agency oversight. Graduates of the biotechnology program are prepared to pursue careers in bench research and development, regulatory affairs, sales and marketing, public relations, or communications at domestic and international biotechnology-related companies or governmental organizations.

OPEN ELECTIVES
Complete 15 quarter hours of open electives.
The Bachelor of Science in Computer Engineering Technology degree provides students with the opportunity to acquire the knowledge, skills, and strengths to become technicians and technical leaders in the design, implementation, integration, and support of computer-based and network systems that are critical to the achievement of enterprise, project, research, and business goals. In this increasingly interconnected world, technicians with the ability to understand, link, and integrate computer hardware, software, and networks, and who can evolve systems as needs change, are in constant demand.

The computer engineering technology degree program is accredited by the Engineering Technology Accreditation Commission of ABET, Inc., 111 Market Place, Suite 1050, Baltimore, MD 21202-4012; telephone 410.347.7700.

ELECTRICAL ENGINEERING TECHNOLOGY

The Bachelor of Science in Electrical Engineering Technology (EET) degree provides students with the opportunity to acquire the knowledge, skills, and analytical tools and techniques to become technologists supporting the design, implementation, integration, analysis, testing, and support of electronic circuits and electrical systems that are critical to the achievement of enterprise, project, research, and business goals.

This focused bachelor’s degree includes courses in mathematics, physics, electric circuit theory, analog and digital circuits and systems, power circuits and systems, and electric circuit and system analysis. Specializations are available in analog systems, digital and embedded systems, electromechanical systems, and power and alternative energy systems. The program also offers the course work needed to prepare students for examinations leading to professional certifications, such as the NCEES PE exam, as well as continuing academic education, such as graduate school programs.

ENGINEERING TECHNOLOGY CORE CURRICULUM
Complete the engineering technology undergraduate core curriculum specified on page 39.
39 quarter hours required

FOUNDATION COURSES
63 quarter hours required

Technology
Complete the following courses:

- ETC 1101 Introduction to C++ Programming
  3 QH
- ETC 1103 C++ Application Development
  Prereq. ETC 1101
  3 QH
- ETE 1101 Introduction to DC Networks
  3 QH
- ETE 1103 DC Network Analysis
  Prereq. ETE 1101
  3 QH
- ETE 2101 Introduction to AC Networks
  Prereq. ETE 1103 or ETE 1150
  3 QH
- ETE 2103 AC Network Analysis
  Prereq. ETE 2101
  3 QH
- ETG 1001 Engineering Graphics 1
  3 QH
- ETG 2021 Engineering Graphics 2
  Prereq. ETG 1001
  3 QH
- ETM 1101 Introduction to Systems in Static Equilibrium
  Prereq. MTH 2101 and PHY 2501
  3 QH
- ETM 1103 Application of Static Equilibrium
  Prereq. ETM 1101 (which may be taken concurrently)
  3 QH
- ETM 2101 Introduction to Linear Dynamics
  Prereq. ETM 1103 or ETM 1150
  3 QH
- ETM 2103 Introduction to Rotational Dynamics
  Prereq. ETM 2101 (which may be taken concurrently)
  3 QH
Science
Complete the following courses:

PHY 2301 Physics 1  
Prereq. MTH 2002 or MTH 2050  
4 QH

with PHY 2302 Laboratory for PHY 2301  
Prereq. PHY 2301 (which may be taken concurrently)  
1 QH

PHY 2501 Physics 2  
Prereq. PHY 2301  
4 QH

with PHY 2502 Laboratory for PHY 2501  
Prereq. PHY 2501 (which may be taken concurrently)  
1 QH

PHY 3101 Physics 3  
Prereq. PHY 2501  
4 QH

with PHY 3102 Laboratory for PHY 3101  
Prereq. PHY 3101 (which may be taken concurrently)  
1 QH

Mathematics
Complete the following courses:

MTH 3005 Calculus 1  
Prereq. MTH 2101  
4 QH

MTH 3010 Calculus 2  
Prereq. MTH 3005  
4 QH

MTH 3015 Calculus 3  
Prereq. MTH 3010

MAJOR COURSES
38 quarter hours required
Complete the following courses:

ETE 1211 Introduction to Electrical Measurements  
Prereq. ETE 2103  
3 QH

ETE 1213 Applied Electrical Measurements  
Prereq. ETE 1211  
3 QH

ETE 2121 Introduction to Linear Circuits  
Prereq. ETE 2103  
3 QH

ETE 2123 Applied Linear Circuits  
Prereq. ETE 2121  
3 QH

ETE 2331 Introduction to Digital Systems  
Prereq. ETC 1017  
3 QH

ETE 2333 Applied Digital Systems  
Prereq. ETE 2331  
3 QH

ETE 3031 Engineering Analysis  
Prereq. ETE 2103 and MTH 3010  
4 QH

ETE 3121 Analog Electronics  
Prereq. ETE 2123 and MTH 3005  
3 QH

ETE 3123 Applied Analog Electronics  
Prereq. ETE 3121  
3 QH

ETE 3131 Sequential Digital Systems  
Prereq. ETE 2333

ETM 4501 Mechanical Vibrations  
*Prereq. ETE 2103 or ETE 2150*  
4 QH

**CAPSTONE EXPERIENCES**

22 quarter hours required

*Note:* Capstone is designed to build on skills acquired in earlier courses and to emphasize situations and challenges that exist in the “real world.”

**Technology**

Complete the following courses:

- ETG 3001 Engineering Economy  
  *Prereq. MTH 2002*  
  4 QH

- ETG 3041 Technical Communications  
  *Prereq. ENG 1004*  
  4 QH

- ETG 4880 Capstone Preparation  
  *Prereq. Senior standing*  
  2 QH

- ETG 4955 Capstone Design Project  
  *Prereq. ETG 4880*  
  4 QH

**Science Elective**

Complete one additional course (3 quarter hours) in one of the following subject areas: BIO, CHM, ESC, GIS, HSC, or PHY.

**Business and Entrepreneurship**

Complete two additional courses (5 quarter hours) in any of the following subject areas: ACC, CMN, ECN, FIN, LDR, MGT, or MKT.

The electrical engineering technology degree program is accredited by the Engineering Technology Accreditation Commission of ABET, Inc., 111 Market Place, Suite 1050, Baltimore, MD 21202-4012; telephone 410.347.7700.
The English degree at the College of Professional Studies fosters an understanding and appreciation of the English language through study of literature and writing in order to promote critical thinking and strong interpersonal communication skills. The degree empowers students to effectively use language for intellectual, professional, and personal challenges and is offered in two academic tracks: Bachelor of Science and Bachelor of Arts. Students may major or minor in the degree.

Complete 27 quarter hours of English electives.

**NONBUSINESS ELECTIVES**

Complete 9 quarter hours of nonbusiness electives.

**OPEN ELECTIVES**

Complete 25 quarter hours of open electives.

**BACHELOR OF ARTS REQUIREMENTS**

Students wishing to obtain a Bachelor of Arts degree rather than a Bachelor of Science degree must complete 12 quarter hours of elementary modern language course work and 12 quarter hours of intermediate modern language course work.

NORTHEASTERN UNIVERSITY
ENVIRONMENTAL STUDIES

The environmental science program strives to provide students from all disciplines an opportunity to be introduced to the methods and language of modern science, encouraging them to apply theory and technical knowledge to the understanding of our natural world. Drawing upon the disciplines of geology, oceanography, meteorology, and astronomy, supplemented by chemistry and biology, we generate a practical appreciation for the interconnections between human society and nature. We endeavor to create a foundation for continued or specialized study, the desire for lifelong learning among these disciplines, and community engagement. Effective problem-solving skills and critical thinking that is applicable to all disciplines and careers is inculcated.

HISTORY

There is no substitute for studying the richness and diversity of cultures through the historical span of time. It instills within an individual a depth of completeness by which a student’s life becomes enriched with greater meaning and purpose to life in general. By constructing an accurate portrayal of human development, from ancient life forward, students not only enhance their skills of critical evaluation, investigation, and interpretation, they also learn to develop their own effective language skills with which to express their findings from investigation and analysis.

BACHELOR OF ARTS REQUIREMENTS

Students wishing to obtain a Bachelor of Arts degree rather than a Bachelor of Science degree must complete 12 quarter hours of elementary modern language course work and 12 quarter hours of intermediate modern language course work.
The human services degree at the College of Professional Studies seeks to prepare students with the knowledge, skills, and dispositions needed to serve individuals, groups, organizations, and communities in a global 21st century. The degree provides students with a comprehensive overview of the human service delivery system, preparing them as caring, capable professionals who are equipped to provide direct and indirect service care. With an emphasis on client-centered caregiving, students have an opportunity to learn to apply interdisciplinary approaches to help improve the lives of people within a variety of contexts. Students completing the program are eligible for initial social work licensure. Students can opt to major or minor in the degree.

LIBERAL ARTS WITH MINOR IN BUSINESS

Underscoring the concept that liberal arts and business are complementary, the Bachelor of Science in Liberal Arts with a Minor in Business provides students with the benefits of a traditional liberal arts education along with practical business skills and knowledge. As a result of their comprehensive learning experience, students may enhance their ability to think creatively and analytically while garnering the business perspectives that will help them in their professional lives.

This undergraduate program’s liberal arts courses encompass history, writing, politics, psychology, and sociology. Business courses focus on economics, math, and finance and include electives in accounting, leadership, organizational and consumer behavior, and marketing.

Academic Programs and Curriculum Guide

LIBERAL STUDIES

Working with an academic advisor, students will select specific academic courses to compose a degree program that meets their intellectual, personal, and professional goals.

Choosing from an array of options, students will have the unique opportunity to build a program that is finely tuned to their strengths and interests. Unlike traditional undergraduate degree programs in which students major in a specific academic area, this program allows students to pursue an area of interest that is not predefined as a major concentration. A Bachelor of Arts degree option is also available.

**Business and Entrepreneurship**

Complete two additional courses (5 quarter hours) in any of the following subject areas: ACC, CMN, ECN, FIN, LDR, MGT, or MKT.

The mechanical engineering technology degree program is accredited by the Engineering Technology Accreditation Commission of ABET, Inc., 111 Market Place, Suite 1050, Baltimore, MD 21202-4012; telephone 410.347.7700.
The mission of the undergraduate program in operations technology is to educate a diverse local and international student population about the concepts, theories, methodologies, and tools used in the field of operations management and technology. Graduates will be trained to use an empirical approach for understanding and utilizing the tools of operations and supply chain management and to apply this knowledge in further study at the graduate level or in the various careers for which a broad understanding in operations is a necessary foundation. The degree is designed for graduates to go on to graduate education or for successful entry to the job market upon graduation. This program develops future leaders in the field of operations, logistics and supply chain management.

NONBUSINESS ELECTIVES
Complete 72 quarter hours of nonbusiness electives.

OPEN ELECTIVES
Complete 5 quarter hours of open electives.
The most significant challenge students and professionals face is the ability to communicate efficiently, effectively, and accurately. This program addresses these challenges. Students will gain practical experience in effective communication skills by developing both written and oral communication within the context of their professional concentration. Knowledge attained and skills acquired either online, in class, or both, simulate those encountered in "real world" organizational situations. These include but are not limited to persuasive presentations, oral and written reports, and communications directed at multiple, but specific, audiences. The program utilizes new technologies all directed toward effective communications.

SECONDARY FOCUS
It is recommended that students use 18 quarter hours of elective credit to augment their major courses in organizational communication with concentrated study in one of the following areas, which the student should select on the basis of interest and career expectations.

Secondary Focus on Criminal Justice
REQUIRED COURSES
Complete the following courses:
- CJS 1001 Introduction to Criminal Justice 3 QH
- CJS 1003 Criminology 1 3 QH
- CJS 1004 Criminology 2 3 QH
  Prereq. CJS 1003

ELECTIVE COURSES
Complete three courses in the CJS subject area.

Secondary Focus on Health Management
REQUIRED COURSES
Complete the following courses:
- HMG 1001 Managing Health Services Organizations 1 3 QH
- HMG 1002 Managing Health Services Organizations 2 3 QH
  Prereq. HMG 1001

ELECTIVE COURSES
Complete four courses in the HMG or HSC subject areas.

Secondary Focus on Management
REQUIRED COURSES
Complete the following courses:
- MGT 1001 Dynamics of Business 1 3 QH
- MGT 1002 Dynamics of Business 2 3 QH
  Prereq. MGT 1001
- MGT 1503 Managing in a Diverse and Changing World 3 QH
- MGT 3020 Innovation and Change Management 3 QH
  Prereq. MGT 1002 or MGT 1003
- MGT 3317 The Business of Consulting 3 QH

ELECTIVE COURSES

PUBLIC AFFAIRS
The public affairs degree at the College of Professional Studies is designed to prepare students for future careers and/or graduate programs by facilitating the development of the skills and knowledge needed in a wide range of professional, nonprofit, business, and academic situations. This includes a grasp of the political, socioeconomic, economic, demographic, legal, and ethical issues and inputs that are necessary to consider and evaluate when developing and implementing public policy. This also includes an understanding of government structures and processes at all levels of government—regionally, nationally, and internationally—and how governments interact and intersect with for-profit and nonprofit organizations. Training in effective communication skills, including critical thinking and writing, is emphasized to stimulate creative minds to participate in public affairs and have a positive influence on public policies.

SOCIOLGY

The sociology degree at the College of Professional Studies supports students in becoming equipped with the knowledge, skills, and dispositions needed within a broad range of fields in a global 21st century. The degree provides students with a comprehensive overview of the discipline of sociology, focusing upon the dynamic interplay between individual choice and social influence. By exploring dynamics of culture, social structure, institutions, and inequality, students cultivate a “sociological imagination,” demonstrating insight about the human condition from multiple perspectives. Students have an opportunity to learn to apply knowledge and skills in research, community service, the labor market, and everyday living. Students can opt to major or minor in the degree.

**POSTBACCALAUREATE PREMEDICAL PROGRAM**

- Designed for students who hold an undergraduate degree in a science discipline and who require all or most of the basic premedical courses, this program offers one-on-one advising, tutoring, success coaching, and other academic support services.

- Designed to enhance and build on students’ previous academic record through additional premedical course work, this postbaccalaureate program covers concepts in biology, chemistry, and physics. Students will have the opportunity to tailor their learning experience by choosing from optional electives in human anatomy, microbiology, genetics, cell biology, immunology, endocrinology, biochemistry, statistics, emergency medical technician (EMT) basics, and calculus. As a result of their learning experience, students will be well equipped to apply to medical, dental, osteopathic, or a health professional school.

**Postbaccalaureate Premedical Course Work**

It is important to note that every postgraduate four-year health professional school will have a different policy regarding the acceptance of transfer credits. Some medical schools may not accept online science courses, especially those with online labs. It is the students’ responsibility to check the requirements for each school to which they are applying.

ACCOUNTING

The certificate program in accounting seeks to provide a broad base of knowledge in accounting principles, including how to compile, analyze, and prepare critical business and financial records. The program is well suited for those who are interested in improving their accounting skills for a current management or bookkeeping position or for those who are seeking an entry-level position in the accounting field.

Certificate in Accounting

Students enrolled in the BS in Finance and Accounting degree program are not eligible for this certificate program. A maximum of 9 quarter hours of course work may be transferred into the program.

ADVANCED ACCOUNTING

The certificate program in advanced accounting is designed for those individuals who already possess an understanding of accounting principles and would like to prepare for an accounting-related career such as auditing, financial analysis, taxation, budgeting and control, cost accounting, or asset management.

This program can be paired with additional course work to meet the minimum CPA educational requirements for those possessing an approved bachelor’s degree and meeting all other CPA exam requirements. In addition, the certificate provides non-accounting managers with a solid foundation in accounting practices relative to new legislation that requires executives to be responsible for the financial statements and internal controls of their organizations.

Certificate in Advanced Accounting

Students enrolled in the BS in Finance and Accounting degree program are not eligible for this certificate program.

Undergraduate Minors

ELIGIBILITY REQUIREMENTS FOR BACHELOR’S DEGREE MINORS

An undergraduate minor requires a minimum of 18 but no more than 22 quarter hours of undergraduate-level course work. You may choose from 11 undergraduate minors, and your completed minor will appear on your academic transcript.

If you do not declare a minor at the time of application for admission, you will need to complete the appropriate minor form in consultation with your designated academic and student support specialist.

The complete list of undergraduate minors appears below. Decide which will best align with your degree and personal interests.

• Biology
• Business
• History
• Information technology
• International affairs
• Management
• Organizational communication
• Political science
• Psychology
• Sociology
• Technical communication

ELIGIBILITY REQUIREMENTS

• The student must be accepted or enrolled in a bachelor’s degree program.
• The program of study for his or her major and minor cannot be the same where the requirements for the minor are a subset of requirements in the major, e.g., a BS student with a biology major cannot enroll in the biology minor; a BS student with a management major cannot enroll in the business minor.
• The student must fulfill all requirements for the minor and degree concurrently and may not extend his or her program of study to complete a minor. However, courses used to fulfill requirements for the minor may also be used to complete undergraduate degree requirements.
• The student may declare his or her intent to pursue a minor at time of application for admission or after acceptance as an enrolled student, up until the beginning of his or her last term of enrollment. It is strongly encouraged that a student who wishes to pursue an undergraduate minor begin planning early and to consult with his or her designated academic and student support specialist.
• The student may apply to pursue up to two undergraduate minors.

• The student must adhere to the curriculum of the undergraduate minor(s) for which he or she has been approved. If the student wishes to request a course substitution to fulfill requirements of an undergraduate minor, he or she must seek prior approval through his or her designated academic and student support specialist. If the student does not complete the courses as prescribed in the curriculum and did not seek prior approval for an exception, such actions could lead to the minor not appearing on the student’s transcript.
• The student may use up to 9 quarter hours of transfer credits to be applied toward an undergraduate minor.
• The student in the BS in Liberal Studies program may choose to pursue a minor as part of his or her concentration.
• The student in undergraduate Fast-Track programs is eligible to apply for undergraduate minors. The Fast-Track student must fulfill all requirements of the degree and minor(s) concurrently, which could result in the student completing more than the minimum credits required for the degree alone, e.g., a Fast-Track BS student who entered the Fast-Track program with 80 transfer credits, with a major in leadership and minor in international affairs, will need to earn 80 quarter hours to fulfill degree (major) requirements plus 18 quarter hours to fulfill minor requirements.
• Courses in the undergraduate minors are offered outside of the Fast-Track programs and do not adhere to the rules and procedures that are part of the Fast-Track programs.

Adopted November 12, 1971; last revised in March 2013.
The purpose of the Code of Student Conduct is to set forth the university’s expectations of behavior that promote the safety and welfare of the Northeastern University community. The university seeks to provide a supportive environment that is conducive to learning, the pursuit of truth, the exchange of knowledge, the intellectual development of students, and the general good of society. In those instances where violations of the behavioral expectations occur, Northeastern University has developed policies and procedures to protect the interests of members of the university community, individually and collectively.

APPLICABILITY OF THE CODE ON AND OFF CAMPUS/JURISDICTION OF THE CODE

The Code of Student Conduct applies to all registered Northeastern University students at all levels of study, in all colleges and programs, locally or abroad, who are enrolled at Northeastern University, as well as all student groups and organizations.

The Code of Student Conduct applies on campus as well as off campus. The university sets guidelines for the behavior of its students. The guidelines are established to promote student conduct that does not adversely affect the educational mission of the university or its relationship with the surrounding community, sister institutions, or members of the university community. Student behavior occurring off campus in violation of the Code or local, state, federal, or host country laws and that could affect the educational mission of the university or its relationship with the surrounding community may subject students to discipline as noted in the Code of Student Conduct.

Violations of the Code of Student Conduct are handled through the Office of Student Conduct and Conflict Resolution. When a student withdraws or takes a leave of absence from the university after engaging in conduct that may violate any of the university’s policies, rules, regulations, or standards of conduct, but before the alleged violation has been adjudicated through the conduct process, a hold will be placed on the student’s record and the student will be banned from campus. The hold will prevent a student from reenrolling at the university until the alleged violations have been resolved.

GENERAL EXPECTATIONS

As citizens and as members of an academic community, students enjoy the same basic privileges and are bound by the same responsibilities as all citizens. The campus cannot be considered a sanctuary from the general law. Northeastern University assumes that all students will abide by the policies, rules, and regulations of the university and by state, local, federal, and host country laws. The university reserves the right to inform police or other appropriate authorities when student behavior appears to violate criminal laws.

It is recognized that all members of an academic community, individually and collectively, have a right to express their views publicly on any issue; however, the university insists that all such expressions be peaceful and orderly; conducted in a manner consistent with the Code and university policies; and in such a way that university business and respectful academic discourse are not unduly disrupted. Moreover, students must clearly indicate that they are speaking as individuals and not for or on behalf of the university community.

Students are expected to display proper respect for the rights and privileges of other members of the university community and their guests. The atmosphere in classes, laboratories, and residence halls must be free from any sort of undue disruption. Furthermore, students must follow the reasonable directions of university personnel.

Students are expected to be honest and forthright in their course of dealings with the university. Falsification, distortion, or misrepresentation of information to the university or university officials will result in being charged with the appropriate violation of the Northeastern University Code of Student Conduct.

The Code of Student Conduct has been developed with the assistance of students, faculty, and staff of the university.

STUDENT EXPECTATIONS

Each Northeastern student can expect:

1. Written notification of any and all alleged Code of Student Conduct violations within a reasonable (as determined by the OSCCR) period of time from the filing of the complaint or incident report pertinent to those allegations. This notification will state the date, time, and place of the administrative hearing or prehearing meeting, in the case of a Student Conduct Board hearing. The date, place of incident, and the name of the complainant will also be included.
Each Northeastern student has the responsibility:

1. To review and abide by the University’s Code of Student Conduct and University Policies and Procedures.
2. To maintain their university email address and respond to any Northeastern University notifications sent directly to the individual student. Note: Northeastern considers and assumes any communications sent to a student’s official Northeastern email account to be received by the student.
3. To maintain their local address information and update it at the beginning of each semester when they are an active student.
4. To represent the University appropriately both on and off campus.
5. To respect the differences of individuals and treat others in a civil and respectful fashion.
6. To carry their University ID with them at all times and present it to officials when requested.

DECISION-MAKING AUTHORITY

1. The vice president for student affairs is responsible for the overall administration of the Code of Student Conduct as well as the Student Conduct Process. Under the oversight of the vice president for student affairs, the director in the Office of Student Conduct and Conflict Resolution has been charged with the day-to-day responsibility for administering the Code of Student Conduct and the Student Conduct Process.
2. The Student Conduct Board and designated hearing administrators are authorized to take official disciplinary actions in accordance with the policies, regulations, and sanctions contained in the Code of Student Conduct and elsewhere in the Undergraduate Student Handbook.
3. The policies and procedures outlined in the Northeastern University Code of Student Conduct will at all times govern the adjudication of matters relating to the Code.

STANDARDS OF CONDUCT

What follows is a listing of the university policies, rules, and regulations that prescribe the standards of conduct the university requires of students. Students are required to become familiar with these policies and must comply with them. Violations of any of these policies will be handled in accordance with the appropriate university procedure.

The use and/or abuse of alcohol and/or drugs will not be considered a mitigating circumstance for any violation of the Code of Student Conduct. Rather, individuals may be additionally charged with the appropriate alcohol or drug violation.

Violations are listed in alphabetical order; the order of violations is not indicative of the seriousness of each violation. All violations are assigned a level representing the degree of seriousness of the violation. That level is listed next to each violation. It should be noted that while the level represents the degree of seriousness of the violation, other factors might be taken into consideration in applying sanctions. Such factors include, but are not limited to, the nature of the violation; severity of the damage, harm, or injury; or the student’s past conduct history.

Experience demonstrates that inappropriate behavior will often involve violations of more than one standard of conduct listed in this Code. Repeated violations, multiple violations, or the severity of the misconduct may heighten the university’s response and may yield sanctions beyond those discussed in this Code or beyond the suggested seriousness listed in level definitions. Such
heightened response could include suspension or expulsion from the university and/or cancellation of the Residence Hall and Dining License Agreement. In addition, students may incur monetary fines of up to $200. Information regarding specific sanctions can be found on beginning on page 106.

The university reserves the right to notify parents when a student has been referred to the OSCCR.

The definition of each level follows:

**LEVEL I**
Sanctions for the first violation of Level I are up to and including expulsion.

**LEVEL II**
Sanctions for the first violation of Level II are up to and including deferred suspension.

**LEVEL III**
Sanctions for the first violation of Level III are up to and including probation.

**LEVEL IV**
Sanctions for the first violation of Level IV may be a written warning but can be up to and including probation.

---

**VIOLATIONS**

**Abuse of Others**
1. Verbal, written, graphic, or electronic abuse. (Level II or III*)
2. Harassment (defined as repeated and/or continuing unwanted behavior), coercion, or intimidation of an individual or group, either directly and/or indirectly or on the basis of race, color, religion, religious creed, genetics, sex, sexual orientation, age, national origin, ancestry, disability, or veteran status. (Level II or III*)
3. Bullying, defined as the repeated use of written, verbal, or electronic expression and/or communication and/or a verbal, electronic, or physical act or gesture or any combination thereof, directed at a member of the university community that (i) causes physical, psychological, and/or emotional harm to a university community member or damage to his or her property; (ii) places a university community member in reasonable fear of harm to him- or herself or damage to his or her property; or (iii) creates a hostile, threatening, intimidating, humiliating, or abusive environment (at the university) for a university community member or substantially interferes with his or her educational performance, opportunities, or benefits. For purposes of this section, bullying may include, but is not limited to: social exclusion or isolation, humiliation or degradation, threats, intimidation, harassment, stalking, theft and/or damage/destruction of property, or the perpetuation of any of the conduct listed in this section by inciting, soliciting, or coercing others to demean, embarrass, humiliate, or cause emotional, psychological, or physical harm to a member of the university community. (Level II or III*)

*The level of sanctioning will be dependent upon the nature of the incident with respect to the above description.

**Academic Integrity**
As defined in the Academic Integrity Policy (page 26). (Level II)

**Aiding and Abetting**
Aiding, abetting, or cooperating in an act or action that violates the Code of Student Conduct. A student may be held responsible as though he or she was a direct participant in the violation, even if information indicates he or she was not directly involved in the perpetration of the violation. (Level I through IV*)

*The level of the sanctioning for the student present may depend upon the actual violation committed.

**Alcohol Policy**
The university expects that all of its students, whether on or off campus, abide by the law and abide by university regulations concerning alcohol and drug use. Where a student engages in conduct off campus that violates university regulations concerning alcohol and drug use and such violation results in behavior that, in the university’s sole judgment, is destructive, abusive, or detrimental to the university’s interests, the university’s conduct process shall apply and such matters will be processed accordingly.

1. A person under the age of twenty-one is prohibited from being in the presence of alcoholic beverages in the residence halls, with the following exception: an individual under the age of twenty-one who has a roommate of legal drinking age may be in the presence of an open container of alcohol in his or her room only if his or her roommate of legal drinking age is also present. Non-roommates who are under the age of twenty-one may not be in the room when alcohol is being consumed by the of-age roommate. (Level IV)
2. A person under the age of twenty-one is prohibited from possessing empty alcohol containers. (Level IV)
3. No postings, announcements, promotions, or ticket sales may be made, placed, or distributed on Northeastern University– owned or –leased property for non-university-sponsored events at which alcohol will be served or consumed. (Level IV)
4. On-campus possession of a keg, beer ball, alcohol by the case, other central sources of alcoholic beverages, or other unauthorized quantities of alcohol is not permitted. Personal possession of alcoholic beverages is limited to one 12-pack of beer (144 ounces/4.26 liters) OR one-half gallon (64 ounces/1.89 liters) of wine OR one pint (16 ounces/470 milliliters) of hard liquor. (Level III)
5. Possession or consumption of alcoholic beverages in locations or under conditions prohibited by university policy or by law. (Level III)
   a. A person must be of legal drinking age to possess or consume alcoholic beverages. In the United States, the legal drinking age is twenty-one.
   b. An individual twenty-one years of age or older may possess and/or consume alcohol only in his or her residence hall room or in the residence hall room of another resident who is twenty-one years of age or older and present in the room, provided alcohol is permitted in that residence hall for students of legal age.
   c. Any person under twenty-one years of age may not transport or carry alcohol on his or her person.
   d. Prohibited locations include, but are not limited to: university hallways, lobbies, lounges, stairwells, classrooms, studios, technical facilities, auditoriums, bathrooms, outdoor areas, vehicles, or any other public areas without authorization.
6. The possession or use of items that encourage heavy alcohol consumption is prohibited (examples could include alcohol funnel, AWOL (Alcohol Without Liquid) generators or vaporizers, etc.), regardless of age. (Level III)
7. Providing alcohol to anyone under the legal drinking age and/or allowing anyone under the legal drinking age to consume alcohol in on- or off-campus residences. (Level II)
8. Requiring the consumption of alcohol by someone under the legal drinking age as a condition of initiation or admission into, affiliation with, or continued membership or participation in any group or organization.
9. Distribution, sale, or manufacture of alcohol.* (Level I)
   a. Manufacturing alcohol on Northeastern University–owned or -leased property.
   b. Selling alcohol without a liquor license, including, but not limited to, the sale of cups and/or any other form of container for the distribution of alcohol.
   c. Distributing alcohol includes providing a central source or large quantity of alcohol.

SANCTION GUIDELINES FOR VIOLATING THE ALCOHOL POLICY
The sanctions set forth below provide hearing administrators with a starting point for sanctioning cases involving alcohol. Depending on the information obtained through the hearing and the severity of the harm, the imposed sanctions may be enhanced or lessened. Please be advised that students found responsible for violating these regulations risk the cancellation of their Residence Hall License and Dining Agreement.

First Violation
- Disciplinary probation
- Mandatory completion of an alcohol education program
- Fine of $100

Second Violation
- Deferred suspension from the university
- Mandatory attendance at an alcohol/other drug education program
- Fine of $200

Third Violation
- Suspension from the university
- Mandatory alcohol counseling to be completed off campus
- Permanent notation to student transcript

*Distribution or sale of alcohol could result in a sanction of at least suspension from the university.

A letter may be sent home to a parent/legal guardian in all cases where there has been a violation of the Alcohol Policy.

Bias-Related Incidents
Conduct prohibited by this Code, including, but not limited to, harassment, bullying, abuse of others, disorderly conduct, and vandalism, which is motivated in whole or part by prejudice toward an individual’s or group’s real or perceived race, color, religion, religious creed, genetics, sex, sexual orientation, gender identity, age, national origin, ancestry, disability, or veteran status. (Level I)

Breaking and Entering and/or Theft
1. The unauthorized use of ATM, phone, or credit cards; checks; Northeastern University ID cards; or computer systems (this may include any violation of the university’s Appropriate Use of Computer and Network Resources Policy on page 13).
2. Forcible access to property.
3. Possession of stolen property.
4. Attempted or actual theft of property, identity, or services. (Level I)

Dangerous Weapons
Possession or use of items that could be used or are used to threaten another individual with physical harm. Those items include, but are not limited to, nunchaku (karate sticks), pepper spray or mace, switchblades, knives, fake guns, tazers, BB guns, fireworks, ammunition, explosive devices, or firearms, except under official supervision as part of a recognized student activity. (Level I)

Disorderly Conduct
Inappropriate, disorderly, or disruptive conduct. Examples include, but are not limited to, disruptive behavior in the classroom, public urination, yelling, or use of profanity. (Level III)
Disruptive Gatherings
Hosting a disruptive gathering, whether on or off campus. Examples include, but are not limited to, gatherings that result in a noise complaint and/or police response, those that are disruptive to neighbors in any way, excessive attendance beyond what is safe and/or reasonable. (Level II or III*)

*The level of sanctioning will be dependent upon the nature of the incident with respect to the above description.

Drug Policy
1. Knowingly being in the company of anyone who is using illegal drugs. (Level IV)
2. Possession or consumption of illegal drugs; salvia divinorum; prescription medications belonging to another individual; or over-the-counter substances, nitrous oxide, or other available substances to “get high” or induce a mind-altering state. (Level II)
3. Possession, use, manufacture, distribution, or sale of drug paraphernalia or other items used in preparing or consuming illegal drugs. (Level II)
4. Promotion of illegal drugs. (Level IV)
5. Distribution, sale, or manufacture of drugs (marijuana, mushrooms, prescription drugs, and so on).* This includes the sharing of drugs, cultivation of drugs, and any other form of distribution or intention of distribution. (Level I)

SANCTION GUIDELINES FOR VIOLATING THE DRUG POLICY
The sanctions set forth below provide hearing administrators with a starting point for sanctioning cases involving drugs. Depending on the information obtained through the hearing and the severity of the harm, the imposed sanctions may be enhanced or lessened. Please be advised that students found responsible for violating these regulations risk the cancellation of their Residence Hall License and Dining Agreement.

First Violation
• Deferred suspension from the university
• Mandatory attendance at a drug education program
• Fine of $200

Second Violation
• Suspension from the university
• Mandatory drug counseling to be completed off campus
• Permanent notation to student transcript

*Distribution, sale, or manufacture of illegal drugs could result in a sanction of expulsion from the university.

A letter may be sent home to a parent/legal guardian in all cases where there has been a violation of the Drug Policy.

Endangering Behavior
Conduct demonstrating that the student constitutes a threat to self or others or to the proper functioning of the university, including, but not limited to, threats, excessive consumption, bypassing security measures, dropping items from a window, and using any item to cause fear and intimidation and/or injury to another. (Level II)

Excessive Consumption
Excessive consumption of alcohol is prohibited regardless of age. Being under the influence of and/or the abuse of drugs is prohibited. Behavioral symptoms frequently associated with excessive consumption or intoxication may include, but are not limited to, impaired motor-skill coordination, difficulty communicating, vomiting, glazed/red eyes, the smell of alcohol on one’s breath, verbal and/or physical aggressiveness, destructive and/or disruptive behavior, and engaging in any behavior that may endanger oneself or others. (Level III alcohol and/or drug)

Failure to Comply
1. Failure to comply with or violation of the terms of an imposed disciplinary sanction.
2. Failure to follow the reasonable directions of university officials (including public safety officers and faculty and staff at Northeastern), law enforcement agents, cooperative work assignment employers, or officials at other colleges and universities that are necessary for the proper conduct of the university and university community. (Level III)

Fire Safety
Breaching campus fire safety or security through:
1. Setting a fire (including charring, burning, lighting of papers, or any other act that could cause a fire), making a bomb threat, causing or creating a false alarm, or other such intentional or reckless conduct that causes harm or reasonable fear of harm to persons or property. (Level I)
2. Misusing, tampering with, or damaging fire safety equipment (including alarm systems, alarmed fire safety doors, smoke detectors, or fire extinguishers). (Level II)
3. Failure to vacate university buildings during or after a fire alarm. (Level III)
4. Entering or reentering a building during a fire alarm. (Level III)

Forgery
Forgery, alteration, or misuse of documents or records (including, but not limited to, parking permits, software and computer databases and/or systems, and/or email). (Level I)

Gambling
On-campus gambling (the unlawful engaging in, playing, operating, or assisting in operating a game of chance for money or some other stake) or the sale of lottery or raffle tickets. (Level IV)
Hazing
Hazing, as defined by Chapter 269 of the Massachusetts General Laws, or defined as follows: any action taken or situation created, whether voluntary or involuntary, for the purpose of initiation, admission into, affiliation with, or as a condition for continued membership in a group or organization that endangers the mental or physical health or safety of a student; creates risk of injury; or causes mental or physical fatigue or distress, discomfort, embarrassment, harassment, ridicule, or intimidation; causes damage to or destruction of property; or that is a violation of law, university policy, or the Code of Student Conduct. Such activities include, but are not limited to, the following: striking another student by hand or with any instrument; requiring or advocating alcohol or other drug use; late sessions/meetings that interfere with academic activities; tattooing, branding, or piercing; physical or psychological shocks; wearing of apparel in public that is embarrassing, humiliating, or degrading; or games/activities causing or resulting in fatigue, sleep deprivation, mental distress, panic, embarrassment, or humiliation. Activities that would not be considered hazing and therefore acceptable would include agreeing to maintain a specific GPA, comply with a dress code for a team/organizational function, participate in volunteer community service, participate in a team/organizational trip, take an oath, or sign a contract of standards. (Level II)

Inappropriate Sexual Behavior/Sexual Violence
1. Sexual Assault (Level I)
   a. With penetration, defined as the oral, anal, or vaginal penetration by an inanimate object, penis, or other bodily part without consent, as defined below.
   b. Without penetration, defined as the unwanted touching of the intimate body parts of another (for example, breasts, buttocks, groin, genitals, or the clothing covering them).

2. Sexual Misconduct (Level II)
Sexual misconduct is any unwanted act that is intended in a sexual manner or any unwanted touching of a body part not usually considered intimate. Examples include, but are not limited to, providing a back massage to another person, exposing one’s genitals or other intimate body parts to a particular person or to the general public; repeated sexually charged verbal abuse related to one’s gender; repeated obscene phone calls or mail; or the viewing, filming, photographing and/or recording in any manner or by any means, transmitting, and/or disseminating any recording of any type of sexual acts, partial or full nudity, inappropriate materials, sounds, or images of another person without the knowledge and explicit permission of all parties involved.

CONSENT: Appropriate sexual behavior requires consent from all parties involved. Consent means a voluntary agreement to engage in sexual activity proposed by another and requires mutually understandable and communicated words and/or actions demonstrating agreement by both parties to participate in all sexual activities.

Consent may never be given by minors (in Massachusetts, those not yet 16 years of age); mentally disabled persons; or those who are incapacitated as a result of alcohol or other drug consumption (voluntary or involuntary) or those who are unconscious, unaware, or otherwise physically helpless. Physical force, threats, intimidating behavior, duress, or coercion cannot be used to gain consent. A person who knows or should reasonably have known that another person is incapacitated may not engage in sexual activity with that person. Incapacitation is a state where one cannot make a rational, reasonable decision because they lack the ability to understand the who, what, when, where, why, or how of their sexual activities.

“Without consent” may be communicated by words and/or actions demonstrating unwillingness to engage in proposed sexual activity.

Additional clarifying notes for consent:
   • Consent is mutually understandable when a reasonable person would consider the words and/or actions of the parties to have expressed a mutually understandable agreement between them to do the same thing, in the same way, at the same time, with one another.
   • In the absence of mutually understandable words and/or actions, it is the responsibility of the initiator, or the person who wants to engage in the specific sexual activity, to make sure that he or she has consent from his or her partner(s).
   • Consent to sexual activity may be withdrawn at any time, as long as the withdrawal is communicated clearly (as set forth by the consent definition) and all sexual activity must cease.
   • The person who is the object of sexual advances is not required to physically or otherwise resist.
   • Silence, previous sexual relationships or experiences, and/or a current relationship may not, in themselves, be taken to imply consent.
   • Use of alcohol or other drugs by the charged student does not mitigate a violation of the Inappropriate Sexual Behavior Policy.
   • Coercion is pressure for unwanted sexual activity. When someone makes clear that they do not want to go past a certain point of sexual activity, continued pressure beyond that point may be considered coercive.

Inappropriate Identification
1. The manufacturing, production, and/or distribution of any fake identification. (Level I)
2. Use of identification other than your own or possession of a false or altered ID. (Level III)
3. Representing yourself as someone other than who you are. (Level III)
4. Impersonating a university official. (Level III)

NORTHEASTERN UNIVERSITY
Misrepresentation of Information
Falsification, distortion, or misrepresentation of information to the university or its officials (including public safety officers and faculty and staff at Northeastern), law enforcement agents, cooperative work assignment employers, or officials at other colleges and universities that is intended to mislead in investigations or administrative processes or could adversely affect the mission of the university. (Level III)

Misuse of Electronic Resources
Misuse of electronic systems or methods (for example, email, “hacking,” and so on) to steal, misrepresent, threaten, harass, or bully (including online aggression or cyberbullying) or violations of the Appropriate Use of Computer and Network Resources Policy (page 13) and/or any other computer or system use. (Level III)

Noise
Noise disturbances in residence halls, campus, or neighborhood. (Level IV)

Physical Abuse
Physical abuse of others, including, but not limited to, fights and/or injury caused by endangering behavior. (Level I)

Rioting
Rioting, defined as inciting, participating in, or encouraging any disturbance for purposes of committing any action that presents a clear and present danger to self or others, causes physical harm to persons, or vandalism to or destruction of property. (Level I)

Unauthorized Access
Unauthorized access or entry to, into, or onto any property owned or operated by the university or any private or restricted property. (Level II)

Unauthorized Use/Possession of Other’s Property
Unauthorized use or possession of another’s property. (Level IV)

Unauthorized Use of University Identification Marks
Unauthorized use of the university’s name or other identifying mark including, but not limited to, postings, letterhead, websites, pamphlets, etc. (Level II)

University Guest Policy
Failure to control guests on campus or at university-sponsored events. Refer to the Residence Hall and Dining License Agreement and/or A Guide to Residence Hall Living for specific regulations regarding guests in residence halls. (Level I through IV—If a guest violates university policy, the host may be held accountable for actions of the guest. The level of sanctioning for the host may be dependent upon the nature of the incident(s).)

Vandalism
Destruction or defacement of public or private property. (Level III)

Violation of Guide to Residence Hall Living
Failure to abide by the rules and regulations set forth for all on-campus students and stated in A Guide to Residence Hall Living. (Level IV)

Violation of University Policies
Violation of any university policy, rule, or regulation published in hard copy or available electronically on the university website. (Level IV)

SANCTIONS
Sanctions imposed for a responsible finding will be based on a consideration of the following factors:

1. Nature of the violation(s).
2. Severity of the damage, injury, or harm resulting therefrom.
3. Student’s past disciplinary record.
5. Aggravating circumstances, which may include bias-motivation.

The following list of sanctions is meant to be illustrative rather than exhaustive. The university reserves the right to create other sanctions as well as choose more than one sanction based on the nature of the misconduct. The university’s sanctions include:

1. Expulsion, which is the permanent separation of the student from the university. Students are permanently banned from entering all university property and prohibited from participating in any university-sponsored activities. A permanent notation, “Withdrawn Expelled (WE),” will appear on the student’s transcript.

2. Suspension, which is the separation of the student from the university for a specified period of time, after which the student is eligible to return. Conditions for readmission may be specified. During the period of suspension, students are banned from entering all university property, may not live in university housing, and are prohibited from participating in any university-sponsored activities. Students are expected to adhere to all university policies while on suspension and will be held accountable for any violations during the period of suspension. Students will not be granted credit for any academic work during the period of suspension (including a cooperative work assignment). A permanent notation, “Withdrawn Disciplinary Action (WDA),” will appear on the student’s transcript.

3. Deferred suspension, which is the most serious formal warning for violation of university rules/regulations that affects the student’s good standing with the university.

NORTHEASTERN UNIVERSITY
Students on deferred suspension may be limited in their ability to attend university programs, including those outside the country, during the period of deferred suspension. Deferred suspension is for a designated period of time. If the student is found responsible for violating any additional university rule/regulation during the period of deferred suspension, suspension may become effective and the student may be subject to additional sanctions for the additional violation. Restrictions and/or conditions regarding participation in university-sponsored activities may be imposed. Students on deferred suspension may be members of organizations but may not hold any elected or appointed position in any recognized student organization or group, represent the student body on any university committee, or serve the university in other leadership positions. A student will continue on disciplinary probation for a specified period of time following the completion of deferred suspension.

4. Disciplinary probation, which is a formal warning for violation of university rules/regulations, affects the student’s good standing with the university. Probation is for a designated period of time and includes the probability of more severe sanctions to be imposed if the student is found in violation of any university rules/regulations during the period of probation. Students on probation may be members of organizations but may not hold any elected or appointed position in any recognized student organization or group, represent the student body on any university committee, or serve the university in other leadership positions. Students may run for office while on probation, but they may not take office while still on probation.

5. Letter of warning, which is a formal warning for violation of university rules/regulations, including a statement that continuation or repetition of prohibited conduct may result in more serious sanctions.

6. Cancellation of the Residence Hall and Dining License Agreement, which results in the separation of the student from university residence facilities either permanently or for a definite period of time. Upon the cancellation of the agreement, the student is banned from entering all university residence facilities during the specified period of separation.

7. Loss of ability to hold any office or position, either by election, petition, or appointment, in any recognized student organization or group for a specified amount of time.

8. Loss of membership in teams, clubs, and/or officially recognized organizations.

9. Loss of access to university buildings, facilities, or resources for a specified period of time or permanently.

10. Sanctioned service.

11. Restitution, which requires the student to make payment to the university or to specified individuals, groups, or organizations for costs incurred as a result of violation of university rules/regulations.

12. Loss of guest privileges on campus or in residence halls.

13. Submittal of letter of apology to complainant/victim.

14. Educational sanction, which may include attending a program, counseling, developing a program, writing a paper, or other educational sanction. Students may be charged a fee to attend an educational program.

15. Fines as outlined in the Code of Student Conduct.

The university also reserves the right to sanction any student found responsible, who pleads no contest, or is found responsible in a court of law for a violation of law. In these instances, disciplinary action will be administered through the Office of Student Conduct and Conflict Resolution and will not be processed by the Student Conduct Board.

Students who are suspended, expelled, or have their Residence Hall and Dining License Agreement canceled are subject to refund policies found in this catalog and the Residence Hall and Dining License Agreement refund policy found in A Guide to Residence Hall Living. In addition, students should review their financial aid and scholarship information to get clarification on those policies.

Medical Amnesty Policy

In cases of a drug or alcohol emergency, the primary concern is the health and safety of the individual(s) involved. Students/organizations are strongly encouraged to call for medical assistance (617.373.3333) for themselves or for another student who they observe to be or feel is dangerously intoxicated/under the influence of drugs. If a student/organization calls on behalf of another student, that student/organization is required to remain with the student experiencing the emergency until medical assistance arrives. Neither the caller nor the student requiring medical assistance for an alcohol or other drug-related emergency will be subject to university disciplinary action for the violation of possession or consumption of alcohol or drugs. This policy shall extend to the referring student/organization who called for medical assistance.

The student requiring medical assistance (and possibly the referring student(s)/organization) will receive medical amnesty and will have a confidential “check-in” meeting with a staff member from the Office of Prevention and Education at Northeastern. As long as the student(s)/organization complies with all directives, there will be no disciplinary action taken related to the violation of possession or consumption of alcohol or drugs and no disciplinary record of the incident kept in the Office of Student Conduct and Conflict Resolution. This policy applies only to those students or organizations who seek emergency medical assistance in connection with an alcohol- or drug-related medical emergency and does not apply to individuals experiencing an alcohol- or drug-related medical emergency who are found by university employees (e.g., Northeastern University police, faculty, administrative staff, or residence hall staff) or where the reporting student(s)/organization did not stay with them.

The Medical Amnesty Policy is not intended to shield or protect those students or organizations that repeatedly violate the Code of Student Conduct. When repeated instances of drug or
alcohol emergencies occur, the university reserves the right to take disciplinary action on a case-by-case basis regardless of the manner in which the incident was reported.

Medical amnesty applies only to alcohol- or other drug-related emergencies but does not apply to other conduct violations such as, but not limited to, assault, property damage, or distribution of illicit substances. If other violations occur, then a student will face disciplinary charges for those violations. The use or abuse of alcohol or drugs is not considered a mitigating circumstance for any other violations of the Code of Student Conduct.

Medical amnesty applies only to the university response to a medical emergency. Criminal/police action may still occur separately from the Office of Student Conduct and Conflict Resolution.

Temporary Measures Administrative Directive
If a student or student organization is acting in such a way that may prove to be a violation of the Code of Student Conduct, the vice president for student affairs, or a designee, may issue an administrative directive prohibiting the continuation of such behavior. It is not necessary for there to be current ongoing proceedings or even charges against the student or student organization when an administrative directive is issued. A designated university administrator may issue an administrative directive, according to the guidelines listed, when harm is deemed to be occurring and immediate action is deemed necessary. The Office of Student Conduct and Conflict Resolution will enforce the injunction.

1. A designated university administrator may issue an administrative directive:
   a. to prevent a student from acting in specified ways that may result in violations of the Code of Student Conduct. The designated university administrator may also prevent a student or student organization from committing an act that would negatively impact or interfere with the Office of Student Conduct and Conflict Resolution proceedings or any other similar proceedings.
   b. to restrain a student or student organization from assuming or exercising privileges granted to them by the university, pending action, until a final judgment can be rendered.
2. In order to receive an administrative directive, the prohibited action must be within the jurisdiction of the designated administrator issuing such an order or such administrator’s designee.
3. The designated administrator sets the date that the administrative directive expires, a period that initially will not exceed 10 days. The 10-day period may be extended for cause or if the restrained party consents to an extension.
4. All administrative directives will specify the reasons for the directive, the act or acts that are prohibited, and the parties bound by such directive.

Interim Suspension
The vice president for student affairs or his or her designee may remove or impose an interim suspension to a student if sufficient facts indicate the student presents a threat to the university community. In most instances, a student who has been interimly suspended from the university will be immediately banned from the university community. Interim suspension may include restrictions on class attendance, access into residence halls, and/or access to or use of university-owned or -operated property.

Students who have been interimly suspended from the university will have a hold placed on their record and will need to make advance arrangements with the Office of Student Conduct and Conflict Resolution for approval any time they may need to be on campus to take care of university-related business during the period of the interim suspension.

In cases involving interim suspension, every effort will be made to conclude the hearing and obtain a decision from the hearing board within 10 business days after the interim suspension was imposed.

Examples of Violations Typically Heard by the Office of Student Conduct and Conflict Resolution
- Violations while on probation or deferred suspension (that may lead to separation from the university)
- On- or off-campus alcohol distribution
- Second and third alcohol violations
- Second drug violations (and sometimes first when involving numerous violations)
- Violence and sexual assault
- Harassment (defined as repeated and/or continuing unwanted behavior), coercion, or intimidation of an individual or group, either directly and/or indirectly, or on the basis of race, color, religion, religious creed, genetics, sex, sexual orientation, age, national origin, ancestry, disability, or veteran status
- Theft
- Academic integrity
- Off-campus student violations

STRUCTURE AND PROCEDURE OF THE CONDUCT PROCESS

Any academic or administrative official, university staff member, faculty member, law enforcement agency, aggrieved member of the community, or student may file a complaint against any student or student organization for misconduct. The role of the Office of Student Conduct and Conflict Resolution is to provide resolution to incidents where a violation of the university Code of Student Conduct may have occurred; it does not represent either party. The office does not investigate incidents. Therefore, some incidents may not be referred to the Office of Student Conduct and Conflict Resolution to act on until they are fully investigated.
Initiating a Complaint

Any person* wishing to initiate a complaint regarding any Northeastern student may do so by submitting the following information, in writing, to the Office of Student Conduct and Conflict Resolution, if available:

1. Name(s) of the student(s) alleged to have violated the Code of Student Conduct.
2. Description of the incident.
3. Names and contact information of witnesses.
4. Names and contact information of those filing the complaint.

*In general, the person who submits a complaint will serve as the complainant in the conduct process.

Reviewing a Complaint

Once received, the director of the Office of Student Conduct and Conflict Resolution reviews the complaint to determine if a violation of the Code of Student Conduct allegedly occurred. If so, the case is assigned to a staff member. Once a case is assigned and necessary documentation is received, the staff member will determine the appropriate type of hearing to which the student will be assigned (administrative or Student Conduct Board). The student will receive notification via email identifying the incident, charge(s), complainant, and meeting time to discuss the resolution of the case.

Hearing Options

The Residential Life staff will typically process incidents occurring in the residence halls or involving resident students. Hearings heard in Residential Life typically result in sanctions less than suspension.

The Office of Student Conduct and Conflict Resolution typically hears incidents occurring off campus, involving off-campus students, or alleging Academic Integrity violations. The Student Conduct Board hears most cases that can result in suspension or expulsion from the university.

The staff member reserves the right to determine if the incident can be disposed of by alternative means of resolution by mutual consent of the parties involved, on a basis acceptable to the staff member. Such disposition shall be final and there shall be no subsequent proceedings.

Please note: The university reserves the right to resolve cases involving illegal use and/or distribution of drugs, or cases where the safety of the university community is judged to be at risk, administratively rather than through the Student Conduct Board, if necessary, to expediently respond to such violations.

ADMINISTRATIVE HEARING

When the severity of the incident would result in suspension or expulsion from the university, the student(s) involved attend an administrative hearing with a hearing administrator from either the Office of Student Conduct and Conflict Resolution or Residential Life.

1. Notification: The charged student is emailed an administrative hearing notice to the student’s university email account, which notifies the student of the alleged violation(s), the date of the incident, the location of the incident, and the name of the complainant. The email also notifies the student of the date and location of the hearing. If the student is unable to attend the hearing due to an academic or other reasonable conflict, he or she must contact the hearing administrator no later than one (1) business day prior to the hearing date to request that the hearing be rescheduled.

2. Hearing: In an administrative hearing, the hearing administrator and student meet one-on-one to discuss the incident resulting in the student’s attendance at the hearing. The hearing administrator reviews the documentation concerning the incident with the student and the student provides his or her account of the incident. Third parties, including, but not limited to, witnesses, lawyers, parents, guardians, and advisors are not permitted to attend an administrative hearing. The student can present written statements from witnesses, however. The student may request that the administrative hearing be suspended for a brief and agreed-upon amount of time after the presentation of evidence should he or she desire to reevaluate his or her responsibility for the charges. Based on a review of the information available (which may be delayed if continued review of the incident is required for a decision), the hearing administrator determines if the student is responsible for the alleged violation(s) by using a preponderance of the information or a “more likely than not” standard of proof. If the student is found responsible, the hearing administrator renders a sanction(s).

3. Failure to appear: If a student fails to appear for the scheduled meeting, then the hearing administrator has the option to dismiss the action with or without prejudice to either party, set a new hearing date, or make a decision based on the information available.

4. The decision letter: After the hearing administrator makes a determination and applies necessary sanctions, the student will receive a decision letter via email to the student’s university email account. The letter will include the rationale for the finding(s), sanctions (if applicable), and information on the appeal process (if applicable). Unless otherwise noted in a student’s records, the university reserves the right to notify parents in the outcome of all cases.

STUDENT CONDUCT BOARD HEARINGS

When the severity of the incident would result in suspension or expulsion from the university, or if the facts of the incident are so complex that an administrative hearing is not appropriate, the student(s) involved participate in a Student Conduct Board hearing.
Composition of the Student Conduct Board Hearing

1. The Student Conduct Board shall hear cases involving undergraduate, graduate, online, law, and professional studies students and shall consist of student board members (resident and nonresident students). In cases involving graduate and professional studies students, a simple majority of the board members will be graduate and/or professional studies students. A hearing may go forward with less than a simple majority of graduate/professional studies students if the charged student(s) give written agreement to move forward.

2. The chair will be a student. His or her responsibilities during the hearing will be to act as presiding officer at hearings and in all voting procedures.

3. A hearing administrator from the Office of Student Conduct and Conflict Resolution will be present during the hearing and all deliberations. The hearing administrator’s role is to ensure the procedures are followed during the hearing of all cases. He or she does not vote or represent either party.

4. The board will consist of five student members. A hearing may go forward with a board of three student members provided the charged student(s) give written agreement to move forward.

Prehearing Meeting

The Student Conduct Board hearing begins with a prehearing meeting between the student and hearing administrator.

1. Notification: The charged student is emailed a prehearing meeting notice to the student’s university email account, which notifies the student of the alleged violation(s), the date of the incident, the location of the incident, and the name of the complainant. The email also notifies the student of the date and location of the prehearing meeting. If the student is unable to attend the prehearing meeting due to an academic or other reasonable conflict, he or she must contact the hearing administrator no later than one (1) business day prior to the prehearing meeting date to request that the prehearing meeting be rescheduled.

2. In the prehearing meeting, the hearing administrator reviews the incident and the charges against the student and shares the written documentation that forms the basis of the complaint. Third parties, including, but not limited to, witnesses, lawyers, parents, guardians, and advisors are not permitted to attend a prehearing meeting. During the prehearing meeting, the hearing administrator explains the process for resolving the case to the student. The student can either elect to accept responsibility for the charges or contest responsibility for the charges and have the Student Conduct Board hearing scheduled. Upon request, a student can delay this decision for no more than two (2) business days after the prehearing meeting.

During the prehearing meeting, the hearing administrator will share a list of current Student Conduct Board members. The charged student can request the elimination of an unlimited number of potential Student Conduct Board members from his or her hearing. An explanation for this request must be supplied and will be approved at the discretion of the hearing administrator.

a. Accept responsibility: Students who accept responsibility for the charges are scheduled for an admitted responsibility meeting. At this meeting, a hearing administrator presents the student’s acceptance of responsibility, along with the written documentation, to at least two members of the Student Conduct Board. The student may provide a verbal statement as well as additional written documentation to the board. The members of the Student Conduct Board then determine the sanctions.

b. Contest responsibility: Students who contest responsibility for the charges are scheduled for a Student Conduct Board hearing at the next available hearing date by an administrator in the Office of Student Conduct and Conflict Resolution (see “Student Conduct Board Hearing Procedures” on page 111). A student’s request for an extension must be supplemented by written documentation. An extension will be granted only under extreme circumstances and at the discretion of the Office of Student Conduct and Conflict Resolution.

3. Hearing advisors: Each party may have any one member of the university community serve as a hearing advisor. During the prehearing meeting, the hearing administrator will provide a list of members from the university community who have volunteered to serve as a hearing advisor and have been trained in the conduct process. Staff or faculty who are hired as a student’s legal counsel outside the conduct process may not also act as a student’s advisor in the university process. The charged student or complainant may act without an advisor if he or she wishes.

The role of the advisor is:

a. to provide the advisee with assistance in understanding how the hearing will proceed.

b. to provide assistance with understanding the resolution process.

c. to provide emotional support before, during, and after a hearing. At no time is the advisor permitted to address the board directly.

4. The Office of Student Conduct and Conflict Resolution (OSCCR) reserves the right to refer all students from the same incident to a Student Conduct Board hearing for a resolution, regardless of an individual student’s preference regarding acceptance or contesting of responsibility.

5. Should more than one student be involved in an incident going before a Student Conduct Board, then all students involved may be assigned to the same hearing.
End-of-Semester Prehearing Meetings

Students scheduled for a prehearing meeting during the last two weeks of classes or finals week have the option of electing to:

1. choose an administrative hearing to be held prior to leaving for the semester or
2. postpone the hearing and return the following semester for a full Student Conduct Board hearing. This option may involve a financial loss depending on the student’s circumstance regarding classes and housing.

Preparing for the Student Conduct Board Hearing

1. Attendance at hearings is limited to parties involved and university officials as deemed necessary by the board and/or by the Office of Student Conduct and Conflict Resolution. Attorneys, parents, or guardians are not permitted in Student Conduct Board hearings. The hearing administrator has the right to adjust this timeline should the case warrant such a change.
2. Written documentation: All parties involved have the opportunity to submit written documentation no later than two (2) business days prior to the hearing.
3. Witnesses may be presented by the complainant or the charged student provided that a witness list is submitted to the Office of Student Conduct and Conflict Resolution two (2) business days prior to the hearing. Live character statements are not permitted. A written request requiring the appearance of an individual before the Student Conduct Board may be issued by a staff member of the Office of Student Conduct and Conflict Resolution if it is determined that the person’s appearance is necessary in providing information for the board to make a decision regarding a student’s case.

Failure to Appear

If either party fails to appear when the case is called for a hearing, the Student Conduct Board or hearing administrator, in their sole discretion, may dismiss the action with or without prejudice to either party, set a new hearing date, or continue the hearing without that party present and/or represented. In the last instance, the board or hearing administrator may make decisions regarding responsibility and sanction the charged student as appropriate. Off-campus legal proceedings will not be grounds for delay.

STUDENT CONDUCT BOARD HEARING PROCEDURES

1. Presentation of information shall generally proceed as follows:
   a. Complainant’s (complainant is the individual or the office that initiated a complaint to the Office of Student Conduct and Conflict Resolution) opening statement and perspective.
   • Questioning of complainant (charged student and conduct board members)
   b. Charged student’s (a charged student is the individual(s) charged with a violation of the Code of Student Conduct) opening statement and perspective.
   • Questioning of charged student (complainant and conduct board members)
   c. Statements from complainant’s witnesses.
   • Questioning of complainant’s witnesses (complainant, charged student, and conduct board members)
   d. Statements from charged student’s witnesses.
   • Questioning of charged student’s witnesses (charged student, complainant, and conduct board members)
   e. Final questions from the Student Conduct Board.
   f. Complainant’s closing statement.
   g. Charged student’s closing statement, including any statement as to mitigating circumstances.
   h. The board may ask questions at any time during the hearing.
2. During the course of a hearing, all points of clarification shall be determined by the hearing administrator or a majority vote of the Student Conduct Board members.
3. Student Conduct Board proceedings are audio-recorded for the purpose of appeals only. Students who appeal may request to listen to the recording of the hearing in the Office of Student Conduct and Conflict Resolution. Recordings are not to be removed from the Office of Student Conduct and Conflict Resolution. Recordings are destroyed upon expiration of the appeal period.
4. Determinations of responsibility are made based on a preponderance of information or a “more likely than not” determination and a simple majority vote by the board.
5. All records of the case will be confidential.
6. Members of the Northeastern University police department may be requested to be present at hearings when the case warrants it.
7. Determinations to impose a Level I sanction for any violation other than a Level I violation shall require a simple majority vote.
8. Determinations made by a Student Conduct Board or an administrator for all hearings will be recommended to the director/vice president for student affairs, or designee, for final approval.
9. The decision letter: After the Student Conduct Board makes a determination and applies necessary sanctions, the student will receive a decision letter via email to the student’s university email account. The letter will include the rationale for the finding(s), sanctions (if applicable), and information on the appeal process (if applicable). Unless otherwise noted in the student’s record, the university reserves the right to notify parents of the outcome of all cases, consistent with applicable law.

In cases involving sexual violence, abuse of others, physical abuse, and academic integrity, the administrator will notify both parties of the decision of the hearing via written communication. The letter to the charged student will include the rationale for the finding, sanctions (if applicable), and information on the appeal process (if applicable). Unless otherwise noted in a student’s records, the university reserves the right to notify parents of the outcome of all cases. The letter to the complainant will include the finding(s), the sanctions that directly relate to the complainant, and information on the appeal process (if applicable).

### PROCEDURES FOR STUDENT APPEALS

Students may appeal disciplinary actions based on the following:

a. The student asserts a procedural error that impaired his or her right to a fair opportunity to be heard.

b. Information has arisen that could not reasonably have been made available during the original hearing and may be sufficient to alter the original Student Conduct Board/officer’s decision.

c. The student requests a review of the sanction(s) because of extraordinary circumstances.

Students may appeal disciplinary actions as follows:

1. Appeals of Student Conduct Board or administrative hearings must be made in writing, by the charged student, and received by the Office of Student Conduct and Conflict Resolution no more than five (5) business days after the receipt date of the decision letter. It is the student’s responsibility to obtain a copy of the decision letter. The student must fill out the appeal form that was included with the decision letter, as well as submit a rationale for the appeal letter that specifically addresses the reason for the appeal. The appeals process is primarily a paper process and will not typically involve a meeting with the charged student or other persons unless requested by the Appeals Board. The appropriate appeals body will review the paper appeal submitted by the charged student, the documentation from the original case, and any other information deemed necessary by the Office of Student Conduct and Conflict Resolution and will make a decision. The audio recording of the original hearing (in the case of Student Conduct Board hearings) will be made available to the Appeals Board as well.

2. Appeals of hearings heard by Residential Life staff will be reviewed by the director of the Office of Student Conduct and Conflict Resolution or his or her designee.

3. Appeals of hearings heard by an administrator in the Office of Student Conduct and Conflict Resolution and appeals of Student Conduct Board cases will be heard by the Appeals Board. Appeals Board members are individuals who were not involved in the original hearing. The Appeals Board will consist of three voting members (one of whom will be the chair). The board will be comprised of two representatives from Academic Affairs and Enrollment Management and Student Affairs and a Student Conduct Board member. The director of the Office of Student Conduct and Conflict Resolution or designee will serve as an ex-officio member of the Appeals Board.

4. The Appeals Board will take one of the following actions:
   a. Concur with original action.
   b. Refer the matter to the appropriate hearing body if based on a procedural error. In this case, the entire case may be reheard, as if it had not been heard before.
   c. Refer the matter back to the original hearing board if based on the grounds of new information. The original board; complainant; charged students; and if required, witnesses, will be reconvened to review only the new information. The board will then render a decision based on the new information.
   d. Mitigate the sanctions. Students should understand that this option would be exercised only in rare circumstances. The university reserves the right to take any action necessary to corroborate the student’s statements.

5. All decisions of the Appeals Board are final.

### MAINTENANCE OF DISCIPLINARY RECORDS

1. The university will permanently maintain the conduct records of those students separated from Northeastern by suspension or expulsion. The comment “Withdrawn, Expulsion” will be printed on the student’s transcript if the student is expelled. The comment “Withdrawn, University Action” will be printed on the student’s transcript if the student is suspended.

2. The university will expunge the conduct records of those students who received sanctions other than suspension or expulsion three (3) years after the student’s withdrawal or immediately upon their graduation date from Northeastern.

3. Students have the right to submit any documentation in their conduct file to amend a record they believe to be inaccurate or misleading.
1. Any question of interpretation or application of the Code of Student Conduct shall be referred to the director of the Office of Student Conduct and Conflict Resolution.

2. The Code of Student Conduct and its related procedures do not preempt or supplant any similar rules and regulations maintained by individual colleges, programs, departments, or offices. For example, student-athletes and members of student organizations must abide by the policies of the athletics department and Office of Campus Activities, respectively. Any proceedings under such policies may run concurrently with those described herein.
Northeastern University has maintained its status as a member in good standing of the New England Association of Schools and Colleges (NEASC) Commission on Institutions of Higher Education (CIHE) since it was awarded its initial accreditation in 1940. The university was last reviewed by NEASC in 2008 and will be reviewed again in fall 2018.

Northeastern University possesses degree-granting authority in Massachusetts, under the auspices of the Massachusetts Board of Higher Education.

The Northeastern University College of Professional Studies Undergraduate Catalog contains the university’s primary statements about these academic programs and degree requirements, as authorized by the president or the Board of Trustees. For information about other academic policies and procedures; student responsibilities; student academic and cocurricular life; faculty rights and responsibilities; or general personnel policies, benefits, and services, please refer to the Undergraduate Student Handbook, Undergraduate Catalog, Graduate Catalog, Cooperative Education Student Handbook, Faculty Handbook, and related procedural guides, as appropriate.

Accreditation. Northeastern University is accredited by the New England Association of Schools and Colleges, Inc.

Delivery of Services. Northeastern University assumes no liability for delay or failure to provide educational or other services or facilities due to causes beyond its reasonable control. Causes include, without limitation, power failure, fire, strikes by university employees or others, damage by natural elements, and acts of public authorities. The university will, however, exert reasonable efforts, when it judges them to be appropriate, to provide comparable services, facilities, or performance; but its inability or failure to do so shall not subject the university to liability.

The Northeastern University Undergraduate Catalog contains current information about the university calendar, admissions, degree requirements, fees, and regulations; however, such information is not intended and should not be regarded to be contractual.

Northeastern University reserves the sole right to promulgate and change rules and regulations and to make changes of any nature in its program; calendar; admissions policies, procedures, and standards; degree requirements; fees; and academic schedule whenever necessary or desirable, including, without limitation, changes in course content and class schedule, the cancellation of scheduled classes and other academic activities, and the substitution of alternatives for scheduled classes and other academic activities. In any such case, the university will give whatever notice is reasonably practical.

Northeastern University will endeavor to make available to its students a fine education and a stimulating and congenial environment. However, the quality and rate of progress of an individual’s academic career and professional advancement upon completion of a degree or program are largely dependent on his or her own abilities, commitment, and effort. In many professions and occupations, there are also requirements imposed by federal and state statutes and regulatory agencies for certification or entry into a particular field. These requirements may change while a student is enrolled in a program and may vary from state to state or country to country. Although the university stands ready to help its students find out about requirements and changes in them, it is the student’s responsibility to initiate the inquiry.

Tuition Default Policy. In cases where the student defaults on his/her tuition, the student shall be liable for the outstanding tuition and all reasonable associated collection costs incurred by the university, including attorneys’ fees.

Emergency Closing of the University. Northeastern University posts emergency announcements, including news of weather-related closings, on its homepage, at www.northeastern.edu, and notifies members of the community individually through the NU ALERT system. In addition, the university has made arrangements to notify students, faculty, and staff by radio and television when it becomes necessary to cancel classes because of extremely inclement weather. AM stations WBZ (1030), WILD (1090), and WRKO (680), and FM station WBUR (90.9) are the radio stations authorized to announce the university’s decision to close. Television stations WBZ-TV4, WCVB-TV5, and WHDH-TV7 will also report cancellations. Since instructional television courses originate from live or broadcast facilities at the university, neither the classes nor the courier service operates when the university is closed. Please listen to the radio or television to determine whether the university will be closed.

If a storm occurs at night, the announcement of university closing is given to the radio stations at approximately 6 a.m. Classes are generally canceled for that entire day and evening at all campus locations unless stated otherwise. When a storm begins late in the day, cancellations of evening classes may be announced. This announcement is usually made between 2 and 3 p.m.

Equal Opportunity Policy. Northeastern University does not discriminate on the basis of race, color, religion, sex, sexual orientation, age, national origin, disability, or veteran status in admission to, access to, treatment in, or employment in its programs and activities. In addition, Northeastern University will not condone any form of sexual harassment. Handbooks containing the university’s nondiscrimination policies and its grievance procedures are available in the Office of Institutional Diversity and Inclusion, 125 Richards Hall. Inquiries regarding the university’s nondiscrimination policies may be directed to:

Office of Institutional Diversity and Inclusion
125 Richards Hall
Northeastern University
Boston, Massachusetts 02115
617.373.2133

Inquiries concerning the application of nondiscrimination policies may also be referred to the Regional Director, Office for Civil Rights, U.S. Department of Education, 8th Floor, 5 Post Office Square, Boston, MA 02109-3921.

Disability Resource Center. The Disability Resource Center provides a variety of disability-related services and accommodations to Northeastern University’s students and employees with disabilities.

Northeastern University’s compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 are coordinated by the senior director of the Disability Resource Center. Persons requiring information regarding the Disability Resource Center should contact the center at 617.373.2675 or 617.373.2730 (TTY).

Family Educational Rights and Privacy Act. In accordance with the Family Educational Rights and Privacy Act of 1974, Northeastern University permits its students to inspect their records wherever appropriate and to challenge specific parts of them when they feel it is necessary to do so. Specific details of the law as it applies to Northeastern are printed in the Undergraduate Student Handbook and Graduate Student Handbook and are distributed annually at registration for the university’s colleges and graduate schools.

Cleary Act. Northeastern is committed to assisting all members of the university community in providing for their own safety and security. Information regarding campus security and personal safety, including topics such as crime prevention, university police law enforcement authority, crime reporting policies, crime statistics for the most recent three-year period, and disciplinary procedures, is available upon request from the Northeastern University Director of Public Safety, 360 Huntington Avenue, Boston, MA 02115, or by calling 617.373.2696.

Mission Statement:
To educate students for a life of fulfillment and accomplishment.
To create and translate knowledge to meet global and societal needs.
